The Board of Directors of QUOTIENT LIMITED (“Quotient,” the “Company,” or “we”) is soliciting proxies for use at the 2018 Annual General Meeting of Shareholders to be held on October 31, 2018 (the “Annual Meeting”), and at any adjournment or postponement of the Annual Meeting. Quotient Limited is a limited liability no par value company incorporated under the laws of Jersey, Channel Islands.

GENERAL INFORMATION

What am I voting on?

You will be voting on the following proposals at our Annual Meeting:

- to re-elect eight directors;
- to approve the Second Amended and Restated 2014 Plan, which reflects amendments to the 2014 Plan to increase the number of ordinary shares authorized for issuance by 550,000 shares and to increase the maximum number of shares that may be issued upon the exercise of incentive share options by 550,000 shares.
- to re-appoint Ernst & Young LLP as the Company’s auditors, ratify their appointment as independent registered public accounting firm and to authorize the directors to determine the fees to be paid to the auditors; and
- to transact such other business as may properly come before the Annual Meeting.

What are the recommendations of the Board?

All shares represented by a properly executed proxy will be voted unless the proxy is revoked and, if a choice is specified, your shares will be voted in accordance with that choice. If no choice is specified but the proxy card is signed, the proxy holders will vote your shares according to the recommendations of the Board, which are included in the discussion of each matter later in this proxy statement. The Board recommends that you vote:

FOR the re-election of each of the nominees as directors; and

FOR the re-appointment of Ernst & Young LLP as our auditors, ratification as our independent registered public accounting firm and the authorization of the directors to determine the fees to be paid to the auditors;

In addition, the proxy holders may vote in their discretion with respect to any other matter that properly comes before the Annual Meeting.

Who is entitled to vote?

For each proposal to be voted on, each shareholder is entitled to one vote for each ordinary share, no par value owned at the close of business on August 29, 2018, the record date for the Annual Meeting. As of the close of business on July 25, 2018, there were 49,949,478 ordinary shares outstanding.

How do I vote by proxy in lieu of attending the annual meeting?

If you are a shareholder of record, you may vote by proxy by completing, dating and signing your proxy card and mailing it in the envelope provided. You must sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example, as officer of a corporation, guardian, executor, trustee or custodian), you must indicate your name and title or capacity.

If you vote via the Internet or by telephone, your vote must be received by 11:59 p.m., Eastern Standard Time, on October 30, 2018. If you vote by Internet or telephone, you should not return your proxy card.

[Table of Contents](#)

You may also vote in person at the Annual Meeting or you may be represented by another person at the Annual Meeting by executing a proxy designating that person.

If your shares are held in a stock brokerage account or by a bank or other holder of record, you are considered the beneficial owner of shares held in "street name." The street name holder will provide you with instructions that you must follow in order to have your shares voted.

If you hold your shares in street name and you wish to vote in person at the Annual Meeting, you must obtain a proxy issued in your name from the street name holder.

May I change my mind after submitting a proxy?

If you are a shareholder of record, you may revoke your proxy before it is exercised by:

- Written notice to Roland Boyd, care of Quotient Limited, 5 James Hamilton Way, Milton Bridge, Penicuik, Midlothian, EH26 0BF, United Kingdom; or
- Voting in person at the Annual Meeting.

If you are a beneficial owner of shares held in street name, you may submit new voting instructions by contacting your brokerage firm, bank or other holder of record.

What are broker non-votes?

A broker non-vote occurs when the broker that holds your shares in street name is not entitled to vote on a matter without instruction from you and you do not give any instruction. Unless instructed otherwise by you, brokers will not have discretionary authority to vote on any matter other than Resolution 10, which is considered to be routine for these purposes. It is important that you cast your vote for your shares to be represented on all matters.

What is the required vote?

To be approved, Resolutions 1 to 10 require a simple majority of the votes cast at the Annual Meeting in favor of each Resolution. If a director does not receive a majority of the vote for his or her re-election, then that director will not be re-elected to the Board and the Board may fill the vacancy with a different person, or the Board may reduce the number of directors to eliminate the vacancy. Votes that are withheld with respect to the election of directors and abstentions on the other matters are not counted as votes cast.

What will constitute the quorum for the Annual Meeting?

A quorum will consist of one or more shareholders present in person or by proxy who hold or represent shares of not less than a majority of the total voting rights of all of the shareholders entitled to vote at the Annual Meeting.

How can I attend the Annual Meeting?

If you plan to attend the Annual Meeting, you will not be admitted without proof that you own Quotient shares.

- **Record Shareholders.** If you are a record shareholder (i.e., a person who owns shares registered directly in his or her name with Continental Stock Transfer & Trust Company, Quotient's transfer agent) and plan to attend the Annual Meeting, please indicate this when voting by marking the attendance box on the proxy card.
- **Owners of Shares Held in Street Name.** Beneficial owners of Quotient ordinary shares held in street name by a broker, bank or other nominee will need proof of ownership to be admitted to the Annual Meeting. A recent brokerage statement or letters from the broker, bank or other nominee are examples of proof of ownership. If your shares are held in street name and you want to vote in person at the Annual Meeting, you must obtain a written proxy from the broker, bank or other nominee holding your shares.

Can I access these proxy materials on the Internet?

This proxy statement and our 2018 Annual Report on Form 10-K are available at <http://investors.quotientbd.com>.

Can I get electronic access to the proxy materials?

You may choose to receive future proxy materials by email. Choosing to receive your future proxy materials by email will lower our costs of delivery and is beneficial for the environment. If you choose to receive your future proxy materials by email, you will receive an email next year with instructions containing a link to view those proxy materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it or for so long as the email address provided by you is valid.

Who pays for this proxy solicitation and how much did it cost?

We will pay the cost for soliciting proxies for the Annual Meeting. Quotient will distribute proxy materials and follow-up reminders by mail and electronic means. We have engaged Okapi Partners LLC (“Okapi”) at 437 Madison Avenue, New York, New York 10022 to assist with the solicitation of proxies. We will pay Okapi an aggregate fee, including reasonable out-of-pocket expenses, of up to \$10,000, depending on the level of services actually provided. Certain Quotient employees, officers, and directors may also solicit proxies by mail, telephone, or personal visits. They will not receive any additional compensation for their services.

We will reimburse brokers, banks, and other nominees for their expenses in forwarding proxy materials to beneficial owners.

MEETINGS OF THE BOARD OF DIRECTORS AND COMMITTEES OF THE BOARD

During the fiscal year ended March 31, 2018, the Board held seven in person or telephonic meetings. The audit committee met seven times during the fiscal year ended March 31, 2018. Attendance at board and audit committee meetings exceeded 90% and no director attended less than 80% of the aggregate number of such board and committee meetings for meetings that they were eligible to attend. The remuneration committee met five times during the fiscal year ended March 31, 2018. The nominating and corporate governance committee met three times during the fiscal year ended March 31, 2018. The strategy and regulatory committee met twice during the fiscal year ended March 31, 2018.

Our Board currently has four committees, as described below. Each committee has a separate written charter that is available on Quotient's website at www.quotientbd.com.

Our business and affairs are managed under the direction of our Board of Directors. Our Board of Directors is currently composed of eight directors. At each annual meeting of our shareholders, each of our directors must "retire," and, if they wish to continue to serve as a director, they become subject to re-election to the Board of Directors by our shareholders.

We are subject to the listing standards of NASDAQ, which require that, subject to specified exceptions and permitted phase-in periods, each member of a listed company's audit, remuneration and nominating and corporate governance committees be independent. In addition, the listing standards of NASDAQ require that audit committee members satisfy independence criteria set forth in Rule 10A-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act") and that the remuneration committee members satisfy independence criteria set forth in Rule 5605(d) of NASDAQ rules. The listing standards of NASDAQ further provide that a director will only qualify as an "independent director" if, in the opinion of that company's Board of Directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

In addition, the listing standards of NASDAQ require that a majority of the members of a listed company's board of directors be independent. Our Board of Directors has determined that Messrs. Bologna, Hallsworth, McDonough, von Prondzynski, Shroff and Wilkerson and Ms. O'Connor are independent directors under the applicable NASDAQ listing rules. In making these determinations, our Board of Directors considered the relationships that each such non-employee director has with our company and all other facts and circumstances that our Board of Directors deemed relevant in determining their independence, including beneficial ownership of our ordinary shares.

Messrs. Shroff and Wilkerson are currently not independent as defined in the applicable Exchange Act rules related to audit committee composition.

Audit Committee

Our audit committee is composed of Messrs. Bologna, Hallsworth, McDonough and Ms. O'Connor, with Mr. Hallsworth serving as chairman of the committee. Our Board of Directors has determined that all these committee members meet the independence requirements of Rule 10A-3 under the Exchange Act and the applicable listing standards of NASDAQ. Our Board of Directors has determined that Mr. Hallsworth is an "audit committee financial expert" within the meaning of SEC regulations and applicable listing standards of NASDAQ. The audit committee met seven times during the year ended March 31, 2018. The audit committee's responsibilities include:

- appointing, approving the compensation of, and assessing the qualifications, performance and independence of our independent registered public accounting firm;
- pre-approving audit and permissible non-audit services, and the terms of such services, to be provided by our independent registered public accounting firm;
- reviewing the internal audit plan with the independent registered public accounting firm and members of management responsible for preparing our financial statements;
- reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures as well as critical accounting policies and practices used by us;
- reviewing the adequacy of our internal control over financial reporting;
- establishing policies and procedures for the receipt and retention of accounting-related complaints and concerns;
- reviewing and discussing with management and our independent registered public accounting firm our audited financial statements to be included in our Annual Report on Form 10-K;
- monitoring our compliance with legal and regulatory requirements as they relate to our financial statements and accounting matters;

[Table of Contents](#)

- preparing the audit committee report required by the rules of the SEC to be included in our annual proxy statement;
- reviewing and assessing the adequacy of the committee charter and submitting any changes to our Board of Directors for approval;
- viewing all related party transactions for potential conflict of interest situations and approving all such transactions; and
- reviewing and discussing with management and our independent registered public accounting firm our earnings releases and scripts.

Remuneration Committee

Our remuneration committee is composed of Messrs. Bologna, Hallsworth, McDonough, von Prondzynski and Shroff, with Mr. von Prondzynski serving as chairman of the committee. Our Board of Directors has determined that all these committee members are independent as defined under the applicable listing standards of NASDAQ. The remuneration committee met five times during the fiscal year ended March 31, 2018. The remuneration committee's responsibilities include:

- reviewing and approving corporate goals and objectives relevant to the compensation of our chief executive officer;
- evaluating the performance of our chief executive officer in light of such corporate goals and objectives and determining and approving the compensation of our chief executive officer;
- reviewing and approving the compensation of our other executive officers;
- appointing, compensating and overseeing the work of any compensation consultant, legal counsel or other advisor retained by the remuneration committee;
- conducting the independence assessment outlined in the rules of NASDAQ with respect to any compensation consultant, legal counsel or other advisor retained by the remuneration committee;
- producing a remuneration committee report on executive compensation as required by the rules of the SEC to be included in our annual proxy statement;
- annually reviewing and reassessing the adequacy of the committee charter in its compliance with the listing requirements of NASDAQ;
- reviewing and establishing our overall management compensation philosophy and policy;
- overseeing and administering our compensation and equity-based plans;
- reviewing and approving our policies and procedures for the grant of equity-based awards; and
- reviewing and making recommendations to our Board of Directors with respect to director compensation.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee is composed of Ms. O'Connor and Messrs. von Prondzynski and Shroff, with Ms. O'Connor serving as chair of the committee. Our Board of Directors has determined that these committee members are independent as defined under the applicable listing standards of NASDAQ. The committee met three times during the fiscal year ended March 31, 2018. The nominating and corporate governance committee's responsibilities include:

- establishing a policy under which our shareholders may recommend a candidate to the nominating and corporate governance committee for consideration for nomination as a director;
- identifying individuals qualified to become members of our Board of Directors, consistent with criteria approved by our Board of Directors;
- recommending to our Board of Directors the persons to be nominated for election as directors and to each of the committees of our Board of Directors;
- developing and recommending to our Board of Directors a set of corporate governance principles;
- articulating to each director what is expected, including reference to the corporate governance principles and directors' duties and responsibilities;
- reviewing and recommending to our Board of Directors practices and policies with respect to directors;
- recommending to our Board of Directors qualified individuals to serve as members of the committees of our Board of Directors;
- reviewing and assessing the adequacy of the committee charter and submitting any changes to our Board of Directors for approval;

[Table of Contents](#)

- overseeing the systems and processes established by us to ensure compliance with our Code of Business Conduct and Ethics; and
- performing an evaluation of the performance of the committee.

Strategy and Regulatory Committee

Our strategy and regulatory committee is composed of Messrs. Walt, McDonough, von Prondzynski and Shroff, with Mr. Shroff serving as chairman of the committee. The committee met twice during the fiscal year ended March 31, 2018. The strategy and regulatory committee's responsibilities include:

- reviewing and recommending to our Board of Directors the Company's long-term strategy, including strategic decisions with regard to the entry and exit of specific business lines, acquisitions and divestitures, joint ventures and investments, as well as the financing of related transactions;
- overseeing the Company's research and development activities, including the review of strategic goals, objectives, progress and direction of specific product programs, as well as the allocation of Company resources to specific product programs;
- overseeing the Company's technology position and strategic initiatives relative to emerging technologies, new therapeutic concepts and changes to health care market requirements;
- overseeing the Company's intellectual property portfolio, including the acquisition and development of new technologies; and
- overseeing the Company's regulatory affairs and health and safety compliance.

BOARD PRACTICES

To help our shareholders better understand our Board practices, we are including the following description of current practices. The nominating and corporate governance committee periodically reviews these practices.

Size of the Board

The Board currently consists of the eight directors named above. Our Memorandum and Articles of Association provides that our Board must consist of a minimum of two directors. The exact number of members on our Board will be determined from time to time by our full Board.

Leadership Structure

During the year ended March 31, 2018 Mr. Paul Cowan served as the Company's Chief Executive Officer and also as Chairman of the Board until March 21, 2018. Following the retirement of Mr. Cowan on March 21, 2018, Mr. von Prondzynski was appointed Chairman and Mr. Walt was initially appointed as Interim Chief Executive Officer. On May 24, 2018 Mr. Walt was appointed as Chief Executive Officer for a two-year term.

Director Independence

The Board believes that a substantial majority of its members should be independent, non-employee directors. Only one member of the Board, Mr. Walt, who serves as our Chief Executive Officer, is an employee of Quotient. The non-employee directors of the Company are Messrs. Bologna, Hallsworth, McDonough, von Prondzynski, Shroff and Wilkerson and Ms. O'Connor. Messrs. Bologna, Hallsworth, McDonough, von Prondzynski, Shroff and Wilkerson and Ms. O'Connor are independent directors under the applicable NASDAQ listing rules. Messrs. Shroff and Wilkerson are currently not independent as defined in the applicable Exchange Act rules related to audit committee composition.

The Exchange Act independence rules relate only to the audit committee. As described above, Mr. Shroff does not serve on our audit committee. Mr. Shroff serves on our remuneration and nominating and corporate governance committees and satisfies all applicable NASDAQ independence criteria related to his service on such committees. Mr. Shroff also serves on our strategy and regulatory committee. Mr. Wilkerson does not serve on any of our board committees.

Audit Committee Financial Expert

The Board has determined that all of the members of the audit committee are financially literate and that Mr. Hallsworth is an "audit committee financial expert" within the meaning of SEC regulations and applicable listing standards of NASDAQ.

Evaluation of Board Performance

The nominating and corporate governance committee coordinates an annual evaluation process by which the directors evaluate the Board's and its committees' performance and procedures. This self-evaluation leads to a full Board discussion of the results. The committees of the Board each conduct an annual evaluation of their committee's performance and procedures.

Nomination of Directors

The nominating and corporate governance committee recommends individuals for membership on the Board. In making its recommendations, the nominating and corporate governance committee considers an individual's independence based on NASDAQ independence requirements and the criteria determined by the Board.

The nominating and corporate governance committee considers not only a candidate's qualities, performance and professional responsibilities, but also the composition of the Board and the challenges and needs of the Board at that time. The Board as a whole is constituted to be strong in its diversity and collective knowledge of accounting and finance, management and leadership, vision and strategy, business operations, business judgment, crisis management, risk assessment, industry knowledge, corporate governance and global markets.

The culture of the Board enables the Board to operate swiftly and effectively in making key decisions and when facing major challenges. Board meetings are conducted in an environment of trust, confidentiality, open dialogue, mutual respect and constructive commentary.

[Table of Contents](#)

The nominating and corporate governance committee views diversity in its broadest sense, which includes gender, ethnicity, education, experience and leadership qualities. The nominating and corporate governance committee will use the same process and criteria for evaluating all nominees, regardless of who submits the nominee for consideration.

Shareholders are encouraged to submit the name of any candidate they believe to be qualified to serve on the Board, together with background information on the candidate, to the chair of the nominating and corporate governance committee. In accordance with procedures set forth in our Memorandum and Articles of Association, shareholders may propose, and the nominating and corporate governance committee will consider, nominees for election to the Board at the next annual general meeting by giving timely written notice to the Company Secretary, which must be received at our registered office no later than the close of business on the date that is 90 days before the first anniversary of the last annual general meeting of the Company, or August 2, 2019, and no earlier than the date that is 120 days before the first anniversary of the last annual general meeting of the Company, or July 3, 2019. The notice periods may change in accordance with the procedures set out in our Memorandum and Articles of Association. Any such notice must include the name of the nominee, a biographical sketch and resume, contact information and such other background materials on such nominee as the nominating and corporate governance committee may request.

Executive Sessions

Non-employee directors meet together as a group during each Board meeting, without the Chief Executive Officer or any other employees in attendance. Mr. von Prondzynski, as our Board's Chairman, presides over each executive session of the Board. There is also an executive session during each committee meeting at which committee members meet without the Chief Executive Officer or any other employees in attendance. In addition, as required under NASDAQ listing standards, independent directors must meet together as a group at least twice a year.

Board's Role in Risk Oversight

The Board takes an active role in risk oversight related to the Company both as a full Board and through its committees. While the Company's management is responsible for day-to-day management of the various risks facing the Company, the Board is responsible for monitoring management's actions and decisions. The Board, as apprised by the audit committee, determines that appropriate risk management and mitigation procedures are in place and that senior management takes the appropriate steps to manage all major risks.

Attendance at Shareholder Meetings

The Board does not have a formal policy regarding director attendance at shareholder meetings. However, all directors are expected to attend.

Governance Principles

The Board maintains a formal statement of Corporate Governance Guidelines that sets forth the corporate governance practices for Quotient. The Corporate Governance Guidelines are available on our website at www.quotientbd.com. Click on the tab "Investors" and then the caption "Corporate Governance."

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer and principal financial officer. A current copy of the code is posted on the investor section of our website, www.quotientbd.com. We intend to disclose any amendment to the code, or any waivers of its requirements, on our website.

Communications with the Board of Directors

The Board believes that it is in the best interests of the Company and its shareholders to provide to every shareholder the ability to communicate with the Board as a whole, or with an individual director, through an established process for shareholder communication. The shareholder communication policy is posted on Quotient's website at www.quotientbd.com. Click on the tab "Investors" and then the caption "Corporate Governance."

RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

APPROVAL OF THE SECOND AMENDED AND RESTATED 2014 PLAN, WHICH REFLECTS AMENDMENTS TO THE 2014 PLAN TO INCREASE THE NUMBER OF ORDINARY SHARES AUTHORIZED FOR ISSUANCE BY 550,000 SHARES AND TO INCREASE THE MAXIMUM NUMBER OF SHARES THAT MAY BE ISSUED UPON THE EXERCISE OF INCENTIVE SHARE OPTIONS BY 550,000 SHARES (RESOLUTION 9).

Background and Purpose of the Proposal

The 2014 Plan was previously adopted by the board of directors and approved by our shareholders to be effective April 24, 2014, and an amendment and restatement of the plan to increase the awards available under the plan, and the maximum number of shares that may be issued upon the exercise of incentive share options under the plan, by 750,000 was approved at the Annual Shareholder meeting on October 31, 2016. The use of share-based awards under the 2014 Plan continues to be a key element of our compensation program. The 2014 Plan currently authorizes a total of 3,020,205 ordinary shares for issuance in connection with awards under the 2014 Plan, but as of July 25, 2018, only 70,117 ordinary shares remained available. The closing sale price of our ordinary shares as of July 25, 2018 was \$7.72 per share, as reported on The NASDAQ Global Market. The remuneration committee is concerned that there are not sufficient ordinary shares available for issuance under the 2014 Plan to meet our needs for future grants during the coming years, and an increase in available ordinary shares is appropriate to continue to attract and retain the services of qualified employees, officers, directors, consultants and other service providers upon whose judgment, initiative and efforts the successful conduct and development of our business depends. Accordingly, shareholders are being asked to approve the Second Amended and Restated 2014 Plan, which provides for the issuance of an additional 550,000 ordinary shares thereunder and a 550,000 increase of the maximum number of shares that may be issued upon the exercise of incentive share options under the plan. If approved, 45,857 options and 91,473 restricted share units, or RSUs, will immediately be issued to Mr. Walt pursuant to the terms of his employment agreement dated May 24, 2018. If our shareholders approve this proposal, we intend to file, pursuant to the Securities Act, a registration statement on Form S-8 to register the 550,000 additional ordinary shares available for issuance pursuant to the Second Amended and Restated 2014 Plan.

The increase of 550,000 ordinary shares was determined subjectively by the remuneration committee based on the number of ordinary shares currently available. The remuneration committee feels it important to have adequate ordinary shares available to appropriately compensate current and future employees.

Summary of the Second Amended and Restated 2014 Plan

The following summary of the Second Amended and Restated 2014 Plan and the material changes to the 2014 Plan are qualified in their entirety by the actual text of the Second Amended and Restated 2014 Plan, which is attached to this proxy statement as Exhibit A.

The Second Amended and Restated 2014 Plan will provide us flexibility with respect to our ability to attract and retain the services of qualified employees, officers, directors, consultants and other service providers upon whose judgment, initiative and efforts the successful conduct and development of our business depends, and to provide additional incentives to such persons to devote their effort and skill to the advancement and betterment of our company, by providing them an opportunity to participate in the ownership of our company and thereby have an interest in its success and increased value.

We are amending the 2014 Plan to increase the number of ordinary shares reserved for issuance to an aggregate of 4,300,000 ordinary shares under the Second Amended and Restated 2014 Plan, which reflects an increase in the base number of ordinary shares authorized for issuance from 3,750,000 under the 2014 Plan to 4,300,000 under the Second Amended and Restated 2014 Plan, and includes the 770,205 additional ordinary shares we are authorized to issue under the 2014 Plan as a result of automatic annual increases in the numbers of shares authorized for issuance pursuant to the terms of the 2014 Plan, as described further below. In addition, we are amending the 2014 Plan to increase the number of ordinary shares that may be issued upon the exercise of incentive share options to an aggregate of 4,300,000 shares, which reflects a 550,000 increase from 3,750,000 under the 2014 Plan. The aggregate number of ordinary shares will be subject to adjustment in the event of a recapitalization, share split, share consolidation, reclassification, share dividend or other change in our capital structure. To the extent that an award terminates, or expires for any reason, then any shares subject to the award may be used again for new grants. However, shares which are (i) not issued or delivered as a result of the net settlement of outstanding share appreciation rights, or SARs, or options, (ii) used to pay the exercise price related to outstanding options, (iii) used to pay withholding taxes related to outstanding options or SARs or (iv) repurchased on the open market with the proceeds from an option exercise, will not be available for re-grant under the 2014 Plan.

Under the 2014 Plan, the number of ordinary shares reserved for issuance automatically increases on April 1 of each year, from April 1, 2015 through April 1, 2023, by the lesser of 1% of the total number of our ordinary shares outstanding on March 31 of the preceding year, 200,000 shares or such smaller amount as determined by our Board of Directors. As of April 1, 2018, we were authorized to issue 770,205 additional ordinary shares under the 2014 Plan as a result of such automatic annual increases. Under the Second Amended and Restated 2014 Plan, the number of ordinary shares reserved for issuance will continue to automatically increase on April 1 of each year, from April 1, 2017

through April 1, 2023, by the lesser of 1% of the total number of our ordinary shares outstanding on March 31 of the preceding year, 200,000 shares or such smaller amount as determined by our Board of Directors.

The Second Amended and Restated 2014 Plan will permit us to make grants of (i) incentive share options pursuant to Section 422 of the Code and (ii) non-qualified share options. Incentive share options may only be issued to our employees. Non-qualified share options may be issued to our employees, directors, consultants and other service providers. The option exercise price of each option granted pursuant to the Second Amended and Restated 2014 Plan will be determined by our remuneration committee and may not be less than 100% of the fair market value of the ordinary shares on the date of grant, subject to certain exceptions. The term of each option will be fixed by our remuneration committee and may not exceed ten years from the date of grant. All option grants under the Second Amended and Restated 2014 Plan will be made pursuant to a written option agreement.

The Second Amended and Restated 2014 Plan will permit us to sell or make grants of restricted shares. Restricted shares may be sold or granted to our employees, directors, consultants and other service providers (or of any current or future parent or subsidiary of our company). Restricted shares issued under the Second Amended and Restated 2014 Plan will be sold or granted pursuant to a written restricted shares purchase agreement.

The Second Amended and Restated 2014 Plan will also permit us to issue SARs. SARs may be issued to our employees, directors, consultants and other service providers. The base price per share of ordinary shares covered by each SAR may not be less than 100% of the fair market value of the ordinary shares on the date of grant, subject to certain exceptions. SAR grants under the Second Amended and Restated 2014 Plan will be made pursuant to a written SAR agreement.

Further, the Second Amended and Restated 2014 Plan will permit us to issue RSUs. RSUs may be issued to our employees, directors, consultants and other service providers. RSU grants under the Second Amended and Restated 2014 Plan will be made pursuant to a written RSU agreement.

As of March 31, 2018, 347 employees and eight directors were eligible to participate in the 2014 Plan. Such employees, directors and consultants will continue to be eligible to participate in the Second Amended and Restated 2014 Plan. The Second Amended and Restated 2014 Plan will be administered by our remuneration committee, which has the authority to control and manage the operation and administration of the 2014 Plan. In particular, the remuneration committee has the authority to determine the persons to whom, and the time or times at which, incentive share options, nonqualified share options, restricted shares, SARs or RSUs shall be granted, the number of shares to be represented by each option agreement or covered by each restricted share purchase agreement, SAR agreement or RSU agreement and the exercise price of such options and the base price of such SARs. In addition, our remuneration committee has the authority to accelerate the exercisability or vesting of any award, and to determine the specific terms, conditions and restrictions of each award. The remuneration committee is composed exclusively of individuals intended to be, to the extent provided by Rule 16b-3 of the Exchange Act, independent directors.

Unless provided otherwise within each written option agreement, restricted share purchase agreement, SAR agreement or RSU agreement as the case may be, the vesting of all options, restricted share, SARs and RSUs granted under the Second Amended and Restated 2014 Plan shall accelerate automatically in the event of a “change in control” (as defined in the Second Amended and Restated 2014 Plan) effective as of immediately prior to the consummation of the change in control unless such equity awards are to be assumed by the acquiring or successor entity (or parent thereof) or equity awards of comparable value are to be issued in exchange therefor or the equity awards granted under the Second Amended and Restated 2014 Plan are to be replaced by the acquiring entity with other incentives under a new incentive program containing such terms and provisions as our remuneration committee in its discretion may consider equitable.

Our Board may from time to time alter, amend, suspend or terminate the Second Amended and Restated 2014 Plan in such respects as our Board may deem advisable, provided that no such alteration, amendment, suspension or termination shall be made which shall substantially affect or impair the rights of any participant under any awards previously granted without such participant’s consent.

No awards may be granted under the Second Amended and Restated 2014 Plan after April 24, 2024.

Federal Income Tax Consequences

The following discussion is for general information only and is intended to summarize briefly the U.S. federal tax consequences to participants arising from participation in the Second Amended and Restated 2014 Plan. This description is based on current law, which is subject to change (possibly retroactively). The tax treatment of participants in the Second Amended and Restated 2014 Plan may vary depending on the particular situation and therefore may be subject to special rules not discussed below. No attempt has been made to discuss any potential foreign, state or local tax consequences.

Incentive Options; Nonqualified Options; SARs

Table of Contents

Participants will not realize taxable income upon the grant of a nonqualified stock option or a SAR. Upon the exercise of a nonqualified stock option or a SAR, a participant will recognize ordinary compensation income (subject to withholding) in an amount equal to the excess of (1) the amount of cash and the fair market value of the ordinary shares received, over (2) the exercise price (if any) paid. A participant will generally have a tax basis in any ordinary shares received pursuant to the exercise of a SAR, or pursuant to the cash exercise of a nonqualified stock option, that equals the fair market value of such shares on the date of exercise. We will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a participant under the rules described above.

Participants eligible to receive an incentive stock option will not recognize taxable income on the grant of an incentive stock option. Upon the exercise of an incentive stock option, a participant will not recognize taxable income, although the excess of the fair market value of the ordinary shares received upon exercise of the incentive stock option ("ISO Shares") over the exercise price will increase the alternative minimum taxable income of the participant, which may cause such participant to incur alternative minimum tax. The payment of any alternative minimum tax attributable to the exercise of an incentive stock option would be allowed as a credit against the participant's regular tax liability in a later year to the extent the participant's regular tax liability is in excess of the alternative minimum tax for that year. Upon the disposition of ISO Shares that have been held for the requisite holding period (generally, at least two years from the date of grant and one year from the date of exercise of the incentive stock option), a participant will generally recognize capital gain (or loss) equal to the excess (or shortfall) of the amount received in the disposition over the exercise price paid by the participant for the ISO Shares. However, if a participant disposes of ISO Shares that have not been held for the requisite holding period (a "Disqualifying Disposition"), the participant will recognize ordinary compensation income in the year of the Disqualifying Disposition in an amount equal to the amount by which the fair market value of the ISO Shares at the time of exercise of the incentive stock option (or, if less, the amount realized in the case of an arm's-length disposition to an unrelated party) exceeds the exercise price paid by the participant for such ISO Shares. A participant would also recognize capital gain to the extent the amount realized in the Disqualifying Disposition exceeds the fair market value of the ISO Shares on the exercise date. If the exercise price paid for the ISO Shares exceeds the amount realized (in the case of an arm's-length disposition to an unrelated party), such excess would ordinarily constitute a capital loss.

Generally, we will not be entitled to any federal income tax deduction upon the grant or exercise of an incentive stock option, unless a participant makes a Disqualifying Disposition of the ISO Shares. If a participant makes a Disqualifying Disposition, we will then be entitled to a tax deduction that corresponds as to timing and amount with the compensation income recognized by a participant under the rules described in the preceding paragraph.

Restricted Shares; RSUs

In general, a participant will recognize ordinary compensation income as a result of the receipt of shares pursuant to a restricted share award, in an amount equal to the fair market value of the shares when such shares are received; provided, however, that if the shares are not transferable and are subject to a substantial risk of forfeiture when received, a participant will recognize ordinary compensation income in an amount equal to the fair market value of the shares (1) when the shares first become transferable or no longer subject to a substantial risk of forfeiture in cases where a participant does not make a valid election under Section 83(b) of the Code or (2) when the shares are received in cases where a participant makes a valid election under Section 83(b) of the Code.

A participant will generally not recognize taxable income at the time of grant of an award in the form of an RSU award denominated in shares, but rather, will generally recognize ordinary compensation income at the time he receives cash or shares.

A participant will be subject to withholding for federal, and generally for state and local, income taxes at the time he recognizes income under the rules described above for shares or cash received. Dividends that are received by a participant before the shares are taxed to the participant under the rules described in the preceding paragraph are taxed as additional compensation, not as dividend income. The tax basis in the ordinary shares received by a participant will equal the amount recognized by him as compensation income under the rules described in the preceding paragraph, and the participant's capital gains holding period in those shares will commence on the later of the date the shares are received or the restrictions lapse.

We will be entitled to a deduction for federal income tax purposes that corresponds as to timing and amount with the compensation income recognized by a participant under the rules described above.

New Plan Benefits and Grants to be Made Under the Second Amended and Restated 2014 Plan

In accordance with the terms and provisions of Mr. Walt's employment agreement, dated May 24, 2018, to continue to serve as our chief executive officer, we agreed, subject to the condition that our shareholders approve an amendment during 2018 to the 2014 Plan to increase the number of ordinary shares authorized for issuance thereunder (the "Condition"), as soon as reasonably practicable after the Condition is satisfied, to grant Mr. Walt (a) 91,743 RSUs (equal in value to approximately \$600,000, based on the closing sale price of our

[Table of Contents](#)

ordinary shares on The NASDAQ Global Market on May 24, 2018 of \$6.54 per share) and (b) options to purchase 45,872 ordinary shares at an exercise price of \$6.54 per share. Our agreement to grant RSU and option awards to Mr. Walt is intended to create a further incentive for Mr. Walt to increase shareholder value over time through share price growth, thereby aligning his interests with those of our shareholders. If our shareholders do not approve the Second Amended and Restated 2014 Plan during 2018, we will not be required to grant these awards. We have not made any agreements to issue any awards to any other directors or officers of the company. The awards we have agreed to grant Mr. Walt upon approval of the Second Amended and Restated 2014 Plan are summarized below:

Second Amended and Restated 2014 Plan

	Dollar Value (\$)	Number of securities underlying option award (1)	Number of securities underlying RSU award (2)
Franz Walt, Chief Executive Officer	\$ 786,618	45,872	91,743

- (1) The option awards have an exercise price per share equal to \$6.54, the closing sale price of our ordinary shares on The NASDAQ Global Market on May 24, 2018, the date of Mr. Walt's employment agreement. The options will vest in two equal annual instalments beginning on the first anniversary of May 24, 2018. The options will terminate on May 24, 2028.
- (2) The RSUs are equal in value to approximately \$600,000, based on the closing sale price of our ordinary shares on The NASDAQ Global Market on May 24, 2018 of \$6.54 per share. The RSUs will vest in 12 equal monthly instalments beginning on the first monthly anniversary of May 24, 2018 as if the RSUs had been issued on May 24, 2018.

Notwithstanding the foregoing, each such option and RSU will not be granted to Mr. Walt if our shareholders do not approve during 2018 the Second Amended and Restated 2014 Plan in 2018 to increase the number of shares authorized for issuance thereunder.

Other awards, if any, that will be made to eligible persons under the Second Amended and Restated 2014 Plan are subject to the discretion of the remuneration committee and, therefore, we cannot currently determine the benefits or number of shares subject to awards that may be granted in the future to our executive officers, employees, directors and other eligible persons under the Second Amended and Restated 2014 Plan. Therefore, a New Plan Benefits Table is not provided.

Consequences of Failing to Approve the Proposal

The Second Amended and Restated 2014 Plan will not be implemented unless it is approved by our shareholders. If the Second Amended and Restated 2014 Plan is not approved by our shareholders, the 2014 Plan will remain in effect in its present form. Failure of our shareholders to approve this proposal also will not affect the rights of existing award holders under the 2014 Plan or under any previously granted awards under the 2014 Plan. Failure of our shareholders to approve this proposal during 2018 will result in Mr. Walt not receiving certain RSUs and options pursuant to his employment agreement, as described above.

The Board of Directors recommends a vote "FOR" the approval of the Second Amended and Restated 2014 Plan, which reflects amendments to the 2014 Plan to increase the number of ordinary shares authorized for issuance by 550,000 shares and to increase the maximum number of shares that may be issued upon the exercise of incentive share options by 550,000 shares. If you complete the enclosed proxy card, unless you direct to the contrary on that card, the shares represented by that proxy will be voted FOR approval of the Second Amended and Restated 2014 Plan.

NON-EMPLOYEE DIRECTOR COMPENSATION

Seven out of eight of our directors are non-employee directors. Five of our non-employee directors are unaffiliated with our significant shareholders: Messrs. Bologna, Hallsworth, McDonough, von Prondzynski and Ms. O'Connor. We seek to maintain a director compensation program for our non-employee directors to enable us to attract and retain, on a long-term basis, high-caliber non-employee directors. Employee directors do not receive compensation in respect of their service as a director.

Pursuant to our director compensation program, with effect from January 1, 2016 through the year ended March 31, 2018, the annual retainers were as follows:

Board Member Compensation	Annual Retainer (\$)
Lead Independent Director ⁽¹⁾	145,000 ⁽²⁾
Director, unaffiliated with our significant shareholders	40,000
Committee Chairperson Compensation	Annual Retainer (\$)
Audit Committee	15,000
Remuneration Committee	12,000
Nominating and Corporate Governance Committee	11,000
Strategy and Regulatory Committee	11,000
Committee Member Compensation	Annual Retainer (\$)
Audit Committee	8,000
Remuneration Committee	6,000
Nominating and Corporate Governance Committee	6,000
Strategy and Regulatory Committee	6,000

- (1) On March 21, 2018, in connection with Paul Cowan's retirement from his positions at the Company, Mr. von Prondzynski, the Company's Lead Independent Director, was appointed to serve as the Chairman of the Board.
- (2) 35% was paid in cash and 65% was paid in RSUs. In respect of the year ended March 31, 2018, the RSUs associated with this retainer were granted on September 4, 2017, and vest in two equal instalments on the first and second anniversary of their date of grant. In recognition of Mr. von Prondzynski's increased responsibilities as Chairman of the Board during the Company's transition to new leadership, the Board increased Mr. von Prondzynski's annual compensation for the fiscal year ending March 31, 2019 from \$145,000, payable 35% in cash and 65% in RSUs, to CHF 350,000 (which equals \$352,645 based on the exchange rate in effect on July 25, 2018), of which 57% will be payable quarterly in cash and 43% will be payable by the grant of 33,150 RSUs. The RSUs will vest quarterly in equal installments over 12 months. These payments and grants are in lieu of any compensation Mr. von Prondzynski is entitled to receive as Lead Independent Director of the Board, and exclusive of any other compensation, including option grants, which he may become entitled to receive for his service as an independent director, member and chairperson of the Company's Remuneration Committee and member of the Company's Nominating and Corporate Governance and Strategy and Regulatory Committees.

Pursuant to our director compensation program, on the date of each annual general meeting, each non-employee director who is continuing to serve as a director following such meeting is also eligible to be granted: (i) options to purchase ordinary shares with an underlying fair market value of \$50,000; and (ii) RSUs with an underlying fair market value of \$30,000. The share options vest in equal installments on the first, second and third anniversary of grant and the RSUs will vest in equal installments on the first and second anniversary of grant.

Our non-employee directors are generally eligible to receive restricted shares, options and other share based equity awards under our 2014 Plan and, if approved, the Second Amended and Rested 2014 plan. Newly appointed non-employee directors will be granted options to purchase shares with an aggregate underlying fair market value of \$100,000 based on the trading price of our ordinary shares at the time of grant.

The foregoing compensation is in addition to reimbursement of all out-of-pocket expenses incurred by directors in attending meetings of the Board of Directors. (1) Vesting of all options is subject to continued service through to the applicable vesting date.

(2) In certain cases, the option exercise prices are lower than the fair market value of the underlying securities on the date of grant. As part of the preparation for our initial public offering, the Board of Directors reviewed the fair value of our ordinary shares at the various dates in recent years when option and share awards were granted. This review resulted in certain instances in the Board of Directors concluding that the fair value of the underlying securities was higher than the option exercise prices determined at the time. The resulting increase in compensation expense has been reflected in our financial statements.

(3) Mr. Walt was appointed to the Board of Directors on February 1, 2018. On March 21, 2018, in connection with Paul Cowan's retirement from his positions at the Company, Mr. Walt was appointed to serve as Interim Chief Executive Officer, and on May 24, 2018, Mr. Walt was appointed as the Company's Chief Executive Officer. The awards reflected in the table reflect awards Mr. Walt received as a non-employee director prior to his appointment as Interim Chief Executive Officer.

In connection with his appointment as a director on February 1, 2018, Mr. Walt received, effective February 19, 2018, share options to purchase 22,676 of our ordinary shares at an exercise price of \$4.41, which was the closing price of our ordinary shares on February 18, 2018. The share options will vest and become exercisable in three equal annual installments beginning February 19, 2019.

The following table sets forth the RSUs held by the directors as of March 31, 2018. On April 1, 2018, Mr. Walt received additional share incentive awards in connection with his appointment as Interim Chief Executive Officer. For information regarding Mr. Walt's executive compensation see "Executive Compensation—Agreements with Our Executive Officers—Franz Walt" below. Compensation Discussion and Analysis

Executive Summary

Mr. Paul Cowan served as our Chief Executive and Chairman until his retirement on March 21, 2018. Mr. Franz Walt served as our Interim Chief Executive Officer from March 21, 2018 until May 24, 2018, on which date he was appointed our Chief Executive Officer. As described below in “Agreements with our Executive Officers—Employment Agreements—Franz Walt,” in connection with these appointments we entered into a part time employment agreement with Mr. Walt on April 1, 2018 and an employment agreement with Mr. Walt on May 24, 2018. As a result Mr. Walt’s remuneration for our fiscal year ended March 31, 2018 was solely comprised of the remuneration he received as a non-employee director as described above in Non-Employee Director Compensation.

Our "named executive officers" for the fiscal year ended March 31, 2018 are Paul Cowan, Franz Walt, Christopher Lindop and Jeremy Stackawitz. Our "named executive officers" for the fiscal year ended March 31, 2017 are Paul Cowan, Christopher Lindop and Edward Farrell. Our mission is to become the global leader for the development, manufacture and sale of transfusion diagnostics (blood grouping, serological disease screening and molecular disease screening), leveraging our proprietary MosaiQ™ technology platform. As MosaiQ is demonstrated to work for transfusion diagnostics, we will also seek to expand its utility elsewhere in the broader diagnostics market.

In 2016, the total addressable market for MosaiQ in transfusion diagnostics was \$3.3 billion, with approximately one-third of the market represented by patient testing (blood grouping) and two-thirds of the market represented by donor testing (blood grouping, serological disease screening and molecular disease screening). We will commercialize MosaiQ in the donor testing market in North America, Europe and certain markets in the Asia/Pacific region. Our partner Ortho-Clinical Diagnostics (“OCD”) will commercialize MosaiQ in the patient testing market worldwide and the donor testing market in geographic territories we do not address. OCD’s commercial rights are limited solely to transfusion diagnostics, specifically blood grouping and serological disease screening.

To achieve our mission, we must recruit, retain and motivate exceptional leaders with the ability to deliver superior results for our shareholders. The skills and knowledge built by the management team around MosaiQ, which represents a novel and highly disruptive technology platform for the broader diagnostics field, are unique and increasingly will become highly attractive to potential competitors. Retention of existing senior management and recruitment of additional senior managers to augment the existing team is therefore critical. Our executive compensation program is instrumental in achieving this objective.

Our executive compensation program is designed to focus executive behavior on achievement of both our annual and long-term objectives and strategy as well as align the interests of management to those of our shareholders. Consequently, our executive compensation plan is comprised of four principal elements – salary, benefits, long-term equity interest and cash bonuses based on annual individual and corporate performance. Consistent with our strategic goals, we have designed and implemented a performance-based award that aligns equity compensation with outstanding returns to our shareholders over several years.

Executive compensation is discussed in greater detail below. The remuneration committee will continue to evaluate our overall compensation structure and awards to ensure they are: (i) reflective of the performance of our executive officers and the Company; and (ii) consistent with our compensation objectives.

Roles of the Remuneration Committee

General

It is the responsibility of the remuneration committee to administer the Company’s compensation practices, to ensure they are competitive, financially prudent and include incentives designed to appropriately drive performance. To achieve this, the remuneration committee periodically reviews commercially available, industry specific compensation data for: (i) companies in the global diagnostics

[Table of Contents](#)

industry; (ii) companies addressing the donor testing market; and (iii) companies in the European biotechnology industry, as a general guide for establishing its compensation practices and structures. The remuneration committee, along with the Board, also reviews and approves corporate objectives used in our executive compensation program to confirm that appropriate goals have been established and tracks performance against them. On an annual basis the remuneration committee reviews tally sheets reflecting each named executive officer's compensation history with respect to each element of compensation.

The remuneration committee conducts an annual review of performance and compensation during the first quarter of each fiscal year for the purpose of determining the compensation of named executive officers. As part of this review, the CEO submits recommendations to the remuneration committee relating to the compensation of the named executive officers (other than the CEO). Following a review of these recommendations, the remuneration committee approves the compensation of these named executive officers, with such modifications to the CEO's recommendations as the remuneration committee considers appropriate.

The remuneration committee's review of the CEO's compensation is subject to separate procedures. With input from members of the entire Board, other than the CEO, the Chairman and the remuneration committee evaluate the CEO's performance and review the evaluation with him. Based on that evaluation and review, the remuneration committee then determines the CEO's compensation. The CEO is excused from meetings of the remuneration committee during voting or deliberations regarding his compensation.

Peer Group Companies

The remuneration committee seeks to identify an executive compensation peer group of approximately fifteen to twenty companies that may compete with the Company for executive talent ("Peer Group Companies"). The remuneration committee has focused on creating a peer group that:

- Represented companies working in the global diagnostics industry, companies addressing the donor testing market or companies in the European biotechnology industry;
- Contains a mix of pre-commercial development companies and some commercial stage companies;
- Captures comparable companies in terms of employee numbers and market capitalization; or
- Have achieved or expect to achieve a growth profile comparable to that expected for the Company.

Based on the above criteria, the following companies were included in the peer group:

<u>Company</u>	<u>Product Focus</u>
Ablynx	Biotechnology company focused on the development of proprietary therapeutic proteins
Accelerate Diagnostics	In vitro diagnostics for hospital acquired and drug resistant infections
BioCartis Group NV	Molecular diagnostics
Cerus Corp	Pathogen inactivation for donor blood, plasma and platelets
Epigenomics AG	Molecular diagnostics – cancer
Exact Sciences Corp.	Molecular diagnostics – early detection of colorectal cancer
GenMark Diagnostics Inc.	Automated, multiplex molecular diagnostic testing systems
Genomic Health Inc.	Molecular diagnostics – cancer care
Haemonetics Corporation	Provision of innovative blood management solutions
Meridian Bioscience Inc.	Develops, manufacture, commercialization of a range of innovative diagnostics test kits
Myriad Genetics Inc.	Molecular diagnostics
Nanostring	Life science tools for translational research and molecular diagnostic products
Oxford Biomedica	Biopharmaceutical company focused on the development and commercialization of gene-based medicines
Oxford Immunotec	Diagnostic tests for immune-regulated conditions (e.g. Tuberculosis)
Qidel Corp.	Provision of cellular based virology assays and molecular diagnostics testing systems
T2 Biosystems	Clinical diagnostics for sepsis

The remuneration committee retained Willis Towers Watson, or WTW, as its independent compensation consultant. WTW does not perform any other consulting work or other services for the Company, reports directly to the remuneration committee and takes direction from the Chairman of the remuneration committee. The remuneration committee has assessed the independence of WTW pursuant to the rules prescribed by the SEC and has concluded that no conflict of interest existed in the financial year ended March 31, 2018 or currently exists that would prevent WTW from serving as an independent consultant to the remuneration committee.

Executive Compensation Programs

Overview and Objectives

Our executive compensation program for our named executive officers for fiscal years 2018 and 2019, each an Executive Compensation Program, was adopted on May 17, 2017 with respect to fiscal 2018 and on May 23, 2018 with respect to fiscal 2019. Each year, the Remuneration Committee and the Board review the Executive Compensation Program for our named executive officers for the fiscal year to ensure that it is designed to achieve the following objectives:

- Focus executive behavior on achievement of our annual and long-term strategic objectives,
- Provide a competitive compensation package that enables the Company to attract and retain, on a long-term basis, talented executives,
- Provide a total compensation structure that the remuneration committee believes is at least comparable with the Peer Group Companies for which we would compete for talent and which consists of a mix of base salary, equity and cash incentives, and
- Align the interests of management and shareholders by providing management with long-term incentives through equity ownership.

The Remuneration Committee will continue to review the Executive Compensation Program in future years to ensure that it is closely aligned with the interests of shareholders and reflects our business needs.

Each Executive Compensation Program has four principal elements, namely base salary, benefits, short-term incentives and long-term incentives. A brief description of each element and their purpose at the Company is described below:

Compensation Element	Description	Purpose
Base salary	Fixed cash compensation based on role, job scope, experience, qualification and performance	To compensate for individual technical and leadership competences required for a specific role and to provide economic security. Notice periods for named executive officers vary between six and 12 months.
Benefits	Competitive health, life assurance, disability and retirement benefits	To promote health and wellness in the workforce and to provide competitive retirement planning and saving opportunities. Benefits include private health coverage, life insurance, a defined contribution pension scheme and provision of a company car. There are no enhanced benefits for named executive officers.
Short-term incentive	Annual cash incentive opportunity payable based on achievement of corporate, business unit and individual objectives	To incentivize management to meet and exceed annual performance metrics and deliver on commitments to shareholders.
Long-term incentive	Annual equity award comprised of share options	To incentivize executive officers to increase shareholder value, reward long-term corporate performance and promote employee commitment through share ownership.
	Multi-year performance-based grant of Restricted Share Units ("MRSUs")	To align management compensation to achievement of our multi-year strategic plan.

Our objective is to target total direct compensation for our named executive officers, including the annualized value of the incentive awards that are proposed to be granted in fiscal 2019 as part of our Executive Compensation Program, as follows: Base Salary & Benefits – 30%; Short-term Incentive – 15%; and Long-Term Incentive 55%.

All elements of compensation are considered to be at risk with the exception of base salary, particularly the MRSUs which will have no value unless the market price of our ordinary shares exceed set volume weighted average price targets over a fixed trading period.

The amounts and mix attributable to base salary, short-term incentives and long-term incentives are determined by reference to market norms. Our aim is to align individual compensation with the objectives of the applicable Executive Compensation Program. While executive

[Table of Contents](#)

compensation mix is evaluated on an annual basis, we do not adhere to a rigid formula when determining the actual mix of compensation elements. Instead, our current policy is to balance the short-term and long-term focus of our compensation elements to reward short-term performance while emphasizing long-term value creation. These objectives are achieved by placing considerable weight on long-term, equity-based compensation while offering cash and short-term compensation to attract and retain executive talent.

The primary objective of our compensation philosophy is to design and support total remuneration packages aligned with strong business performance and long-term value creation for our shareholders. Each Executive Compensation Program in particular is designed with specific emphasis on accountability for the performance of the MosaiQ development and commercialization program in the short-term and shareholder return over the longer term. This alignment is created through several mechanisms:

Compensation Mechanism	Methodology	
Pay Positioning	To attract and retain the best executives, all components of executive compensation are targeted at the market's 75 th percentile.	
Performance Target Setting	We set ambitious but achievable goals for ourselves and for the Company aligned with our commitment to building long-term sustainable value for our shareholders.	
Compensation Elements	Base Salary	Sets baseline pay level.
	Annual Incentive Plan	Annual incentive payment that rewards performance relative to annual financial goals and/or MosaiQ development goals.
	RSUs	Long-term incentive with a three-year vesting period that rewards performance that enhances shareholder value.
Compensation Mix	Our compensation mix is weighted toward variable pay elements and long-term incentive pay elements	

By applying the above methodologies, named executive officers are compensated at the 75th percentile when we meet our performance targets, deliver on the expectations we communicate to our shareholders and drive share price appreciation. Should our performance exceed expectations, our executives will be compensated above target, and vice versa. The significant weighting of long-term incentives ensures that the primary focus of our named executives is sustained long-term performance, while our short-term incentives motivate consistent annual achievement.

Fiscal 2018 Executive Compensation

Our fiscal year ends on March 31. In this proxy statement, we consider certain actions that were taken by our remuneration committee subsequent to the end of fiscal 2018 to be continuations of our Executive Compensation Program for fiscal 2018. In particular, these actions include the compensation actions described below that occurred on May 23, 2018.

The resulting increase in compensation expense has been reflected in our financial statements.

On May 24, 2018, we entered into an employment agreement with Mr. Walt to serve as the Company’s Chief Executive Officer. The agreement has a two-year term, subject to earlier termination upon three months’ prior written notice by either party; provided, however, that after December 31, 2019, Mr. Walt may resign for any reason without giving prior written notice.

The agreement provides for a base salary of CHF750,000 per annum; eligibility to receive an annual cash bonus of up to CHF750,000 based on the achievement of performance targets determined by the Board; subject to the condition that the Company’s shareholders approve an amendment during 2018 to the 2014 Stock Plan to increase the number of ordinary shares authorized for issuance thereunder (the “Condition”), as soon as reasonably practicable after the Condition is satisfied, a grant of (a) 91,743 RSUs (equal in value to approximately \$600,000, based on the closing sale price of the Company’s ordinary shares on The NASDAQ Global Market on May 24, 2018 of \$6.54 per share) and (b) options to purchase 45,872 ordinary shares at an exercise price of \$6.54 per share; and until the month-end following Mr. Walt’s last day of employment and during such time as Mr. Walt is commuting between his current home and the Company’s offices, reimbursement for the rental cost of a 1-bedroom apartment in the Geneva area for up to CHF2,500 per month.

The RSUs will vest in 12 equal monthly instalments beginning on the first monthly anniversary of May 24, 2018. The options will vest in two equal annual instalments beginning on the first anniversary of May 24, 2018.

If we terminate Mr. Walt's employment agreement without cause (as defined in the employment agreement), Mr. Walt's RSUs and options will vest and, in the case of options, become exercisable, in accordance with their terms, and the Company will pay to Mr. Walt; (i) all accrued but unpaid base salary through the date of termination of Mr. Walt's employment and any unpaid or unreimbursed expenses incurred by Mr. Walt in the performance of his duties; (ii) the base salary for the remainder of the term of the agreement in equal monthly installments; and (iii) a pro rata portion of the annual bonus for the year of termination. The RSUs and options will also fully vest and, in the case of options, become exercisable, in accordance with their terms, upon a change in control.

We have agreed to indemnify Mr. Walt to the maximum extent permitted by our organizational documents and applicable law for any acts or decisions made in good faith while performing services for us.

Interim CEO Employment Agreement

On April 1, 2018, we entered into a part time employment agreement with Mr. Walt to serve as our Interim Chief Executive Officer. The agreement had a six-month term, subject to earlier termination upon 15 days' prior written notice by either party. On May 24, 2018, the agreement was superseded by Mr. Walt's current employment agreement.

The agreement provided for:

- a grant on April 1, 2018 of 57,325 RSUs (equal in value to approximately \$270,000, based on the closing sale price of our ordinary shares on The NASDAQ Global Market on March 29, 2018 of \$4.71 per share);
- a grant on April 1, 2018 of options to purchase 30,000 ordinary shares at an exercise price of \$4.71 per share; and

The RSUs will vest monthly in equal installments over six months. The options will vest annually in equal installments over three years.

Christopher Lindop

We entered into an employment agreement with Christopher Lindop dated February 9, 2017 that sets forth the terms and conditions under which Mr. Lindop serves as our Chief Financial Officer. The agreement has no specific term and establishes an at-will employment relationship. Mr. Lindop's current annual base salary for fiscal year 2019 is \$390,000, and he is eligible to receive customary employee benefits.

We may terminate Mr. Lindop's employment with or without cause, but Mr. Lindop is required to provide at least two months' advance written notice to us if he terminates his employment. If we terminate Mr. Lindop's employment other than for cause (as defined in the Employment Agreement), he will be entitled to receive, subject to certain conditions, (i) severance equal to 12 months of his then current base salary and employee benefits then in effect, payable as a lump sum as soon as practicable after the date of termination, but in no event later than March 15th of the following year, plus (ii) reimbursement of the remaining rental costs for Mr. Lindop's property in Switzerland, up to a maximum of 12 months' rent and (iii) reimbursement of reasonable repatriation costs to the United States. Mr. Lindop is obligated to (i) refrain from engaging in competition with the Company in the United States or in other countries in which the Company does business for a period of one year after any termination and (ii) refrain from soliciting any of the Company's executives, suppliers or customers for a period of two years after any termination.

We have agreed to indemnify Mr. Lindop to the maximum extent permitted by our organizational documents and applicable law for any acts or decisions made in good faith while performing services for us.

In addition to his salary, Mr. Lindop is also entitled to a relocation allowance of \$120,000 per annum for necessary, customary and usual living expenses while his employment location is Eysins, Switzerland. The Company will also reimburse Mr. Lindop for certain air travel expenses of his family. Mr. Lindop is eligible for an annual discretionary bonus equal to 65% of his base salary, subject to achievement of corporate performance goals and individual performance goals.

Edward Farrell

We entered into an employment agreement with Edward Farrell dated November 21, 2012 that sets forth the terms and conditions of Mr. Farrell's employment as one of our two Presidents. Mr. Farrell's employment commenced on February 14, 2013. The agreement has no

specific term and establishes an at-will employment relationship. Mr. Farrell's current annual base salary for fiscal year 2019 is £286,624, or approximately \$401,500.

Both we and Mr. Farrell must give a minimum of 12 months' prior notice to terminate his employment, other than for cause (as defined in his service agreement). We have the right to place Mr. Farrell on paid leave rather than allowing him to continue to provide services during this notice period. Mr. Farrell is obligated to refrain from competition with us for 12 months after his termination, unless that period is shortened by a period of leave. After notice to termination has been given by Mr. Farrell or us, all or part of the duration of the notice period of leave would be counted as part of the non-competition period. Upon termination, we would owe Mr. Farrell the balance of his base salary for the remaining term of the agreement.

In addition to his salary, Mr. Farrell is also entitled to a car allowance of £11,000, or approximately \$16,500 per annum, contributions by his employer to a personal pension plan of 6% of salary and private healthcare benefits of £600, or approximately \$900 per annum. Mr. Farrell is eligible for an annual discretionary bonus equal to 70% of his base salary, subject to achievement of corporate performance goals and individual performance goals.

Jeremy Stackawitz

We entered into an employment agreement with Jeremy Stackawitz dated March 9, 2009 that sets forth the terms and conditions of Mr. Stackawitz's employment as one of our two Presidents. The agreement has no defined term and establishes an at-will employment relationship. Mr. Stackawitz's current annual base salary for fiscal year 2018 is \$400,192.

We may terminate Mr. Stackawitz's employment with or without cause, but Mr. Stackawitz is required to provide at least two months' advance notice to us if he is terminating his employment. If we terminate Mr. Stackawitz's employment other than for cause (as defined in his employment agreement), he will be entitled to receive, subject to certain conditions, severance equal to 12 months of his then current base salary and employee benefits (as defined in his employment agreement), payable as a lump sum as soon as practicable after the date of termination, but in no event later than March 15th of the following year. Mr. Stackawitz is obligated to (i) refrain from engaging in competition with us in the United States or in other countries in which we conduct our business for a period of one year after any termination and (ii) refrain from soliciting any of our executives, suppliers or customers for a period of two years after any termination.

Mr. Stackawitz is eligible for an annual discretionary bonus equal to 70% of his base salary, subject to achievement of corporate performance goals and individual performance goals.

Change in Control Agreements

We have entered into a change of control agreement, or CIC Agreement, with the following executive officers: Christopher Lindop, Edward Farrell, Jeremy Stackawitz and Roland Boyd. The purpose of the CIC Agreements is to establish certain protections for certain of our officers upon a qualifying termination of their employment in connection with a change of control of us.

Each CIC Agreement provides that, if we terminate the executive's employment without "Cause" (as defined in the CIC Agreement) or the executive terminates his employment for "Good Reason" (as defined in the CIC Agreement) and, in either case, such termination occurs no more than 24 months following a "Change of Control" (as defined in the CIC Agreement), then, subject to the executive signing and not revoking a release and waiver of claims, the executive will receive a lump sum payment of the following:

- any accrued obligations owed to the executive, which include: (i) any of the executive's annual base salary earned through the effective date of termination that remains unpaid; (ii) any bonus payable with respect to any fiscal year which ended prior to the effective date of the executive's termination of employment, which remains unpaid; and (iii) any expense reimbursement due to the executive on or prior to the date of termination which remains unpaid to the executive; and
- a cash payment equal to 150% of the sum of the executive's base salary plus target annual bonus in effect on the date of termination, without taking into effect any reduction in the executive's annual base salary that may constitute "Good Reason" under the CIC Agreement.

Each CIC Agreement will expire on August 7, 2020 and will automatically renew for successive one year terms unless the Board of Directors provides written notice of expiration of the CIC Agreement at least 90 days prior to August 7, 2020 or the applicable anniversary thereof.

Separation Agreement

On March 21, 2018, the ("Separation Date"), in connection with Paul Cowan's retirement, Mr. Cowan resigned from his positions with us, including as chief executive officer and as a director.

[Table of Contents](#)

In connection with Mr. Cowan's retirement, we, Mr. Cowan and Deidre Cowan, Mr. Cowan's spouse and the sole shareholder of Quotient Biagnostics Group Limited, one of our significant shareholders, entered into a Separation Agreement, dated as of May 7, 2018 (the "Separation Agreement"), pursuant to which:

- Mr. Cowan will receive a cash bonus of \$496,000 for the fiscal year ended March 31, 2018, which will be paid on or prior to August 1, 2018; and
- all vested benefits under any other company benefit plans, and any reimbursements Mr. Cowan is entitled to under current company policies for periods before the Separation Date, were paid or reimbursed to Mr. Cowan in accordance with the terms of the applicable plan or policy.

In addition, pursuant to the Separation Agreement, Mr. Cowan provided consulting services to us for a one-month period from the date of the Separation Agreement (the "Transition Period"), for which services Mr. Cowan was paid \$44,583. After the Transition Period, Mr. Cowan will provide ad-hoc advisory services as reasonably requested by our board of the directors, for which services Mr. Cowan will be paid CHF 5,000 per day / CHF 600 per hour, plus reasonable out-of-pocket expenses.

Mr. Cowan and certain related parties have executed a release of claims arising from Mr. Cowan's employment which they may have against us, and our officers, directors and employees.

On April 1, 2018 the number of shares reserved for issuance by the 2014 Plan increased by 200,000 shares.

The following description of each of our share incentive plans is qualified by reference to the full text of those plans, which are incorporated by reference as exhibits to our Annual Report on Form 10-K.

2012 Plan

We adopted the Enterprise Management Plan or the 2012 Plan, to enhance our ability to attract, retain and motivate employees expected to make important contributions to our company by providing them with equity ownership opportunities and performance-based incentives. All of our employees were eligible to be granted share options under the 2012 Plan. The 2012 Plan was administered by our Board of Directors. Subject to certain conditions, the 2012 Plan permits grants of enterprise management incentive options, or EMI options, under the terms of Schedule 5 to the UK Income Tax (Earnings and Pensions) Act 2003 (or ITEPA) for UK-based employees.

Share options granted pursuant to the 2012 Plan may be exercised upon the occurrence of certain events, including among other events, (i) in a sale of any shares of our share capital, which confers more than 50% of the total voting rights of all our issued shares; (ii) in the sale of all or substantially all of the undertakings of our company and our subsidiaries, and (iii) in the event of a listing of our shares on any "Recognized Investment Exchange" as defined in Section 841(a) of the Corporation Taxes Act 2009. In the event our shares are listed, an option may be exercised, in three equal installments, on the first, second and third anniversaries of the date of the grant. Options must be exercised during an employee's term of employment or service or within 40 days of termination of employment or service (or within one year in the case of termination on account of a participant's death). The options lapse after specified periods upon the occurrence of applicable events, including, forty days after (i) the sale of any shares of our share capital which confers more than 50% of the total voting rights of all our issued shares or (ii) the sale of all or substantially all of the undertakings of our company and our subsidiaries.

The maximum term of an option award is ten years.

Each option grant was documented through an option agreement. The exercise price per share of all options was determined by our Board of Directors at the time of the grant.

Awards are non-transferable and our Board of Directors retains discretion to amend, modify or terminate any outstanding award. Awards may be accelerated to become immediately exercisable in full or in part upon approval of our Board of Directors.

In the event of certain changes in our capitalization, the number of shares available for issuance under the 2012 Plan, as well as the exercise price per share of each outstanding option, may be appropriately adjusted by our Board of Directors. The 2012 Plan provides for certain exchange rights in the event of change in control and provides for conditional exercise in connection with a court-ordered reorganization of our company or our amalgamation with any other company or companies.

As of March 31, 2018, under the plan there were 501,829 ordinary shares issuable upon the exercise of outstanding options, at a weighted-average exercise price of \$2.29 per ordinary share.

Certain of our prior filings with the SEC referred to the 2012 Plan as the 2013 Plan. In this proxy statement, we refer to the 2012 Plan as such because the first awards granted thereunder occurred in 2012.

2014 Plan

Our Board of Directors and our shareholders have approved the 2014 Plan. The 2014 Plan provides us flexibility with respect to our ability to attract and retain the services of qualified employees, officers, directors, consultants and other service providers upon whose judgment, initiative and efforts the successful conduct and development of our business depends, and to provide additional incentives to such persons to devote their effort and skill to the advancement and betterment of our company, by providing them an opportunity to participate in the ownership of our company and thereby have an interest in its success and increased value.

We have reserved an aggregate of 2,250,000 ordinary shares for issuance under the 2014 Plan. This number is subject to adjustment in the event of a recapitalization, share split, share consolidation, reclassification, share dividend or other change in our capital structure. To the extent that an award terminates, or expires for any reason, then any shares subject to the award may be used again for new grants. However, shares which are (i) not issued or delivered as a result of the net settlement of outstanding SARs, or options, (ii) used to pay the exercise price related to outstanding options, (iii) used to pay withholding taxes related to outstanding options or SARs or (iv) repurchased on the open market with the proceeds from an option exercise, will not be available for re-grant under the 2014 Plan.

The number of ordinary shares reserved for issuance will automatically increase on April 1 of each year, from April 1, 2015 through April 1, 2023, by the lesser of 1% of the total number of our ordinary shares outstanding on March 31 of the preceding year, 200,000 shares or such smaller amount as determined by our Board of Directors. The maximum number of shares that may be issued upon the exercise of incentive share options under the 2014 Plan is 3,750,000 shares.

The 2014 Plan permits us to make grants of (i) incentive share options pursuant to Section 422 of the Code and (ii) non-qualified share options. Incentive share options may only be issued to our employees. Non-qualified share options may be issued to our employees, directors, consultants and other service providers. The option exercise price of each option granted pursuant to the 2014 Plan will be determined by our remuneration committee and may not be less than 100% of the fair market value of the ordinary shares on the date of grant, subject to certain exceptions. The term of each option will be fixed by our remuneration committee and may not exceed ten years from the date of grant. All option grants under the 2014 Plan are made pursuant to a written option agreement.

The 2014 Plan permits us to sell or make grants of restricted shares. Restricted shares may be sold or granted to our employees, directors, consultants and other service providers (or of any current or future parent or subsidiary of our company). Restricted shares issued under the 2014 Plan is sold or granted pursuant to a written restricted shares purchase agreement.

The 2014 Plan also permits us to issue SARs. SARs may be issued to our employees, directors, consultants and other service providers. The base price per share of ordinary shares covered by each SAR may not be less than 100% of the fair market value of the ordinary shares on the date of grant, subject to certain exceptions. SAR grants under the 2014 Plan are made pursuant to a written SAR agreement.

Further, the 2014 Plan permits us to issue RSUs. RSUs may be issued to our employees, directors, consultants and other service providers. RSU grants under the 2014 Plan are made pursuant to a written RSU agreement.

As of March 31, 2018, 347 employees and eight directors were eligible to participate in the 2014 Plan.

The 2014 Plan is administered by our remuneration committee, which has the authority to control and manage the operation and administration of the 2014 Plan. In particular, the remuneration committee has the authority to determine the persons to whom, and the time or times at which, incentive share options, nonqualified share options, restricted shares, SARs or RSUs shall be granted, the number of shares to be represented by each option agreement or covered by each restricted share purchase agreement, SAR agreement or RSU agreement and the exercise price of such options and the base price of such SARs. In addition, our remuneration committee has the authority to accelerate the exercisability or vesting of any award, and to determine the specific terms, conditions and restrictions of each award. The remuneration committee will be composed exclusively of individuals intended to be, to the extent provided by Rule 16b-3 of the Exchange Act, independent directors.

Unless provided otherwise within each written option agreement, restricted share purchase agreement, SAR agreement or RSU agreement as the case may be, the vesting of all options, restricted share, SARs and RSUs granted under the 2014 Plan shall accelerate automatically in the event of a “change in control” (as defined in the 2014 Plan) effective as of immediately prior to the consummation of the change in control unless such equity awards are to be assumed by the acquiring or successor entity (or parent thereof) or equity awards of comparable value are to be issued in exchange therefor or the equity awards granted under the 2014 Plan are to be replaced by the acquiring entity with other incentives under a new incentive program containing such terms and provisions as our remuneration committee in its discretion may consider equitable.

[Table of Contents](#)

Our Board of Directors may from time to time alter, amend, suspend or terminate the 2014 Plan in such respects as our Board of Directors may deem advisable, provided that no such alteration, amendment, suspension or termination shall be made which shall substantially affect or impair the rights of any participant under any awards previously granted without such participant's consent.

No awards may be granted under the 2014 Plan after April 24, 2024.

As of March 31, 2018, there were 1,594,454 ordinary shares issuable upon the exercise of outstanding options, at a weighted-average exercise price of \$9.52 per ordinary share, 263,500 MRSUs outstanding and 509,879 RSUs outstanding under the plan.

At our Annual Meeting, shareholders will be asked to approve the Second Amended and Restated 2014 Plan, which reflects amendments to the 2014 Plan to increase the number of ordinary shares authorized for issuance by 550,000 shares and to increase the maximum number of shares that may be issued upon the exercise of incentive share options by 550,000 shares. For additional information, see "Approval of the Second Amended and Restated 2014 Plan, Which Reflects Amendments to the 2014 Plan to Increase the Number of Ordinary Shares Authorized for Issuance by 550,000 Shares and to Increase the Maximum Number of Shares That May Be Issued Upon the Exercise of Incentive Share Options by 550,000 Shares (Resolution 9) — Summary of the Second Amended and Restated 2014 Plan".

Share Ownership Guidelines

At its July 30, 2015 Board meeting, the Company adopted guidelines to encourage ownership of shares of the Company by directors and named executive officers. Under these guidelines, directors and named executive officers have five years from the adoption of the guidelines (or if later, the date of employment, election or promotion, whichever applies) to achieve an ownership target as follows:

<u>Award</u>	<u>Ownership Target: Base Salary Multiple</u>
Non-Employee Directors	Share value equal to or greater than three times annual retainer
CEO	Share value equal to or greater than six times base salary
Named executive officers (other than CEO)	Share value equal to or greater than two times base salary

Shares that count toward satisfaction of the ownership targets include:

- Shares directly owned – individual, immediate family or trust (including without limitation shares purchased on the open market or acquired upon exercise of share options);
- Vested restricted shares, restricted share units or deferred share units; and
- "In the money" vested share options.

Shares that do not count towards the ownership targets include:

- Unvested share options, restricted shares, restricted share units or deferred share units;
- "Out of the money" vested share options; and
- Performance restricted shares or performance equity units not yet vested.

Defined Contribution Pension Plan and Insured Pension Plan

We operate a defined contribution pension plan for our employees. No executive officers (other than Edward Farrell) and no directors participate in this plan. The assets of the plan are held separately from us in an independently administered fund. Pension costs during the years ended March 31, 2018, 2017 and 2016 amounted to \$1,197,000, \$742,000 and \$580,000 respectively. In addition, we operate an insured pension plan in Switzerland for our Swiss employees. No executive officers and no directors participated in this plan prior to March 31, 2018 but Mr. Walt will participate in the year ending March 31, 2019 in order to comply with Swiss employment regulations. The cost of this pension plan in the year ended March 31, 2018 was \$1,770,000. Further details can be found in the notes to our financial statements contained in our annual report on Form 10-K for the year ended March 31, 2018.

REPORT OF THE AUDIT COMMITTEE

The information contained in this report shall not be deemed to be “soliciting material” or “filed” or incorporated by reference in future filings with the SEC, or subject to the liabilities of Section 18 of the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates it by reference into a document filed under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The audit committee currently consists of Messrs. Bologna, Hallsworth, McDonough and Ms. O’Connor, with Mr. Hallsworth serving as chairman of the committee. Our Board of Directors has determined that Messrs. Hallsworth, Bologna, McDonough and Ms. O’Connor meet the independence requirements of Rule 10A-3 under the Exchange Act and the applicable listing standards of NASDAQ. Our Board of Directors has determined that Mr. Hallsworth is an “audit committee financial expert” within the meaning of SEC regulations and applicable listing standards of NASDAQ.

The audit committee operates under a written charter adopted by the Board, which is evaluated annually. The charter of the audit committee is available on Quotient’s website at www.quotientbd.com. Click on the tab “Investors” and then the caption “Corporate Governance.”

The audit committee selects, evaluates and, where deemed appropriate, replaces Quotient’s independent registered public accountants. The audit committee also pre-approves all audit services, engagement fees and terms, and all permitted non-audit engagements, except for certain de minimis amounts.

Management is responsible for Quotient’s internal controls and the financial reporting process. Quotient’s independent registered public accountants are responsible for performing an audit of Quotient’s consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). The audit committee’s responsibility is to monitor and oversee these processes.

In this context, the audit committee has reviewed Quotient’s audited financial statements for the fiscal year ended March 31, 2018 and has met and held discussions with management and Ernst & Young LLP (“E&Y”), the Company’s independent registered public accountants. Management represented to the audit committee that Quotient’s consolidated financial statements for fiscal 2018 were prepared in accordance with accounting principles generally accepted in the United States of America, and the audit committee discussed the consolidated financial statements with E&Y. The audit committee also discussed with E&Y the matters required to be discussed by Statement on Auditing Standards No. 16, as amended (AICPA, *Professional Standards*, Vol. 1, AU section 380) as adopted by the Public Accounting Oversight Board in Rule 3200T.

The audit committee received the written disclosures and letter from E&Y required by the applicable requirements of the Public Company Accounting Oversight Board regarding E&Y’s communications with the audit committee concerning its independence, and the audit committee discussed with E&Y the accounting firm’s independence.

Based upon the audit committee’s discussions with management and E&Y and the audit committee’s review of the representation of management and the report of E&Y to the audit committee, the audit committee recommended to the Board that the audited consolidated financial statements be included in Quotient’s Annual Report on Form 10-K for the fiscal year ended March 31, 2018, filed with the SEC.

The audit committee also considered whether non-audit services provided by E&Y were compatible with maintaining their independence and concluded that such non-audit services did not affect their independence.

Respectfully submitted,

Frederick Hallsworth, Chair
Thomas Bologna
Brian McDonough
Sarah O’Connor

The following table sets forth information relating to the beneficial ownership of our ordinary shares as of July 25, 2018 for:

- each person, or group of affiliated persons, known by us to beneficially own more than 5% of our outstanding ordinary shares;
- each of our directors;
- each of our executive officers; and
- all directors and executive officers as a group.

Beneficial ownership is determined in accordance with SEC rules. In general, under these rules a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise has or shares voting power or investment power with respect to such security. A person is also deemed to be a beneficial owner of a security if that person has the right to acquire beneficial ownership of such security within 60 days of July 25, 2018. Except as otherwise indicated, and subject to applicable community property laws, the persons named in the table have sole voting and investment power with respect to all ordinary shares held by that person.

Ordinary shares that a person has the right to acquire within 60 days of July 25, 2018 are deemed outstanding for purposes of computing the percentage ownership of such person's holdings, but are not deemed outstanding for purposes of computing the percentage ownership of any other person, except with respect to the percentage ownership of all directors and executive officers as a group. The beneficial ownership percentage of each shareholder is calculated on the basis of 49,949,478 ordinary shares outstanding as of July 25, 2018.

Except as indicated in footnotes to this table, we believe that the shareholders named in this table have sole voting and investment power with respect to all ordinary shares shown to be beneficially owned by them, based on information provided to us by such shareholders.

3.3 Performance Goals

(a) **Performance Thresholds.** The performance goals or objectives applicable to the vesting of any Incentive Option, Nonqualified Option, Restricted Stock, Restricted Stock Units or Stock Appreciation Rights granted under the Plan may include a threshold level of performance below which no payment shall be made (or no vesting shall occur), levels of performance at which specified payments shall be made (or specified vesting shall occur), and a maximum level of performance above which no additional payment shall be made (or at which full vesting shall occur).

(b) **Adjustments.** Unless the Committee provides otherwise at the time of establishing the performance goals, for each fiscal year of the Company, the Committee shall have the authority to make equitable adjustments to the performance goals or objectives applicable to the vesting of any Incentive Option, Nonqualified Option, Restricted Stock, Restricted Stock Units or Stock Appreciation Rights granted under the Plan in recognition of unusual or non recurring events affecting the Company or an Affiliated Company or the financial statements of the Company or an Affiliated Company and may provide for objectively determinable adjustments to any of the Performance Criteria described above for one or more of the items of gain, loss, profit or expense: (i) determined to be extraordinary or unusual in nature or infrequent in occurrence, (ii) related to the disposal of a segment of a business, (iii) related to a change in accounting principles, applicable laws or regulations, (iv) related to discontinued operations that do not qualify as a segment of a business, and (E) attributable to the business operations of any entity acquired by the Company during the fiscal year.

3.4 Deferrals. To the extent permitted by applicable law, the Administrator, in its sole discretion, may determine that the delivery of Ordinary Shares or the payment of cash, upon the exercise, vesting or settlement of all or a portion of any Option, Restricted Stock, Restricted Stock Units or Stock Appreciation Right may be deferred and may establish programs and procedures for deferral elections to be made by Participants. Deferrals by Participants will be made only in accordance with Section 409A of the Code, and only if the Committee determines in good faith that the deferral is permissible under Section 457A of the Code. Consistent with Sections 409A and 457A of the Code, the Administrator may provide for distributions while a Participant is providing Continuous Service to the Company.

ARTICLE 4.

PLAN SHARES

4.1 Shares Subject to the Plan. As of October 31, 2018, the maximum number of Ordinary Shares reserved and available for issuance under this Plan shall initially be equal to the sum of (i) the Second Amended and Restated Initial Limit and (ii) the Prior Evergreen Increases to the Initial Limit, subject to adjustment as to the number and kind of shares pursuant to Section 4.2, plus on April 1, 2019, and each April 1 thereafter until April 1, 2023, the number of Ordinary Shares reserved and available for issuance under the Plan shall be increased by the least of (a) one percent (1%) of the number of Ordinary Shares issued and outstanding on the immediately preceding March 31, (b) 200,000 shares, or (c) such lesser number of Ordinary Shares as determined by the Administrator. Subject to such overall limitation, the maximum aggregate number of Ordinary Shares that may be issued in the form of Incentive Options shall not exceed the lesser (x) of the sum of (i) the Second Amended and Restated Initial Limit and (ii) the Prior Evergreen Increases to the Initial Limit, cumulatively increased as provided in the foregoing sentence or (y) 4,300,000 shares, in each case subject to adjustment as provided in Section 4.2. For purposes of this limitation, in the event that (a) all or any portion of any Options or Stock Appreciation Rights granted under the Plan can no longer under any circumstances be exercised, (b) any Ordinary Shares are reacquired by the Company pursuant to an Option Agreement, other than Ordinary Shares surrendered for purposes of payment of the Exercise Price or applied or delivered in satisfaction of a tax withholding obligation, or (c) all or any portion of any Restricted Stock or Restricted Stock Unit granted under the Plan is forfeited or can no longer under any circumstances vest, then the Ordinary Shares allocable to or covered by the unexercised or unvested portion of such Options, Stock Appreciation Rights, Restricted Stock, or Restricted Stock Units or the Ordinary Shares so reacquired shall again be available for grant or issuance under the Plan. To the extent a Stock Appreciation Right (or portion thereof) is settled in cash as provided in Section 7.6, such Stock Appreciation Right (or portion thereof) shall be deemed to reduce the number of Ordinary Shares available for grant or issuance under the Plan.

[Table of Contents](#)

The shares available for issuance under the Plan may be unissued Ordinary Shares or Ordinary Shares reacquired by the Company by way of repurchase or redemption.

4.2 Changes in Capital Structure. In the event that the outstanding Ordinary Shares are hereafter increased or decreased or changed into or exchanged for a different number or kind of shares or other securities of the Company by reason of a recapitalization, stock split, reverse stock split (consolidation), reclassification or redesignation, stock dividend (bonus issue), or other similar change in the capital structure of the Company, then appropriate adjustments shall be made to the aggregate number and kind of shares subject to this Plan, the number and kind of shares and the price per share subject to or covered by outstanding Option Agreements, Restricted Stock Agreements, Restricted Stock Unit Agreement, or Stock Appreciation Right Agreements and the limit on the number of shares under Section 3.3, all in order to preserve, as nearly as practical, but not to increase, the benefits to Participants.

ARTICLE 5.

OPTIONS

5.1 Grant of Stock Options. The Administrator (or pursuant to Section 9.2, an officer of the Company) shall have the right to grant pursuant to this Plan, Options subject to such terms, restrictions and conditions as the Administrator may determine at the time of grant. Such conditions may include, but are not limited to, continued employment or the achievement of specified performance goals or objectives established by the Administrator with respect to one or more Performance Criteria, which require the Administrator to certify whether and the extent to which such Performance Criteria were achieved.

5.2 Option Agreements. Each Option granted pursuant to this Plan shall be evidenced by an Option Agreement which shall specify the number of shares subject thereto, vesting provisions relating to such Option, the Exercise Price per share, and whether the Option is an Incentive Option or Nonqualified Option. As soon as is practical following the grant of an Option, an Option Agreement shall be duly executed and delivered by or on behalf of the Company to the Optionee to whom such Option was granted. Each Option Agreement shall be in such form and contain such additional terms and conditions, not inconsistent with the provisions of this Plan, as the Administrator shall, from time to time, deem appropriate. Each Option Agreement may be different from each other Option Agreement.

5.3 Exercise Price. The Exercise Price per Ordinary Share covered by each Option shall be determined by the Administrator, subject to the following: (a) the Exercise Price of an Incentive Option shall not be less than 100% of Fair Market Value on the date the Incentive Option is granted, (b) the Exercise Price of a Nonqualified Option shall not be less than 100% of Fair Market Value on the date the Nonqualified Option is granted, and (c) if the person to whom an Incentive Option is granted is a 10% Shareholder on the date of grant, the Exercise Price shall not be less than 110% of Fair Market Value on the date the Incentive Option is granted. However, an Option may be granted with an Exercise Price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner satisfying the provisions of Sections 409A and 424 of the Code.

5.4 Payment of Exercise Price. Payment of the Exercise Price shall be made upon exercise of an Option and may be made, in the discretion of the Administrator, subject to any legal restrictions, by: (a) cash; (b) check (cheque); (c) provided that a public market for the Ordinary Shares exists, a "same day sale" commitment from the Optionee and a FINRA Dealer whereby the Optionee irrevocably elects to exercise the Option and to sell a portion of the shares so purchased to pay for the Exercise Price and whereby the FINRA Dealer irrevocably commits upon receipt of such shares to forward the Exercise Price directly to the Company; (f) any combination of the foregoing methods of payment; or (g) any other consideration or method of payment as shall be permitted by applicable law.

5.5 Term and Termination of Options. The term and provisions for termination of each Option shall be as fixed by the Administrator, but no Option may be exercisable more than ten (10) years after the date it is granted. An Incentive Option granted to a person who is a 10% Shareholder on the date of grant shall not be exercisable more than five (5) years after the date it is granted.

5.6 Date of Grant. The date of grant of an Option will be the date on which the Administrator makes the determination to grant such Options, unless a later date is otherwise specified by the Administrator. The Option Agreement and a copy of this Plan will be delivered to the Optionee within a reasonable time after the granting of the Option.

5.7 Vesting and Exercise of Options.

(a) Each Option shall vest and become exercisable in one or more installments at such time or times and subject to such conditions, including without limitation the achievement of specified performance goals or objectives established with respect to one or more Performance Criteria as shall be determined by the Administrator.

[Table of Contents](#)

(b) Except as otherwise provided in the Option Agreement, following the termination of the Participant's Continuous Service (i) due to Disability, Incentive Options held by such Optionee on the date of termination (to the extent then exercisable) may be exercised in whole or in part at any time within one year of the date of termination (but in no event after the Expiration Date) (ii) due to death, Incentive Options held by such Optionee on the date of death (to the extent then exercisable) may be exercised in whole or in part by the Optionee's heirs or estate at any time prior to the final expiration of the Incentive Option, as set forth in the applicable Stock Option Agreement.

5.8 Annual Limit on Incentive Options. To the extent required for "incentive stock option" treatment under Section 422 of the Code, the aggregate Fair Market Value (determined as of the time of grant) of the Ordinary Shares with respect to which Incentive Options granted under this Plan and any other plan of the Company or any Affiliated Company become exercisable for the first time by an Optionee during any calendar year shall not exceed \$100,000.

5.9 Nontransferability of Options. Except as otherwise provided in this Section 5.9, (a) Incentive Options shall not be assignable or transferable except by will, the laws of descent and distribution or pursuant to a domestic relations order entered by a court in settlement of marital property rights, (b) Nonqualified Options shall not be assignable or transferable except by will, the laws of succession, bankruptcy, descent and distribution or pursuant to a domestic relations order or other equivalent order entered by a court in settlement of marital property rights, and (c) during the life of the Optionee, Options shall be exercisable only by the Optionee. At the discretion of the Administrator and in accordance with rules it establishes from time to time, Optionees may be permitted to transfer some or all of their Nonqualified Options to one or more "family members," which is not a "prohibited transfer for value," provided that (a) the Optionee (or such Optionee's estate or representative) shall remain obligated to satisfy all income or other tax withholding obligations associated with the exercise of such Nonqualified Option; (b) the Optionee shall notify the Company in writing that such transfer has occurred and disclose to the Company the name and address of the "family member" or "family members" and their relationship to the Optionee, and (c) such transfer shall be effected pursuant to transfer documents in a form approved by the Administrator. For purposes of the foregoing, the terms "family members" and "prohibited transfer for value" have the meaning ascribed to them in the General Instructions to Form S-8 (or any successor form) promulgated under the Securities Act.

5.10 Non-Employee Directors.

(a) Each non-employee director of the Company who commences service on the Board after the Effective Date shall automatically be granted a Nonqualified Option to purchase from the Company or subscribe for shares with an aggregate market value \$100,000 based on the Fair Market Value of the Ordinary Shares on the date of commencement of such director's service on the Board. The exercise price of such Nonqualified Options shall be at Fair Market Value on the date of commencement of such director's service on the Board. Such Nonqualified Options shall vest in three equal annual installments commencing one year following the date of grant.

(b) Each non-employee director shall also automatically be granted, on the date of each annual meeting of shareholders from and after the Effective Date, a Nonqualified Option to purchase from the Company or subscribe for shares with an aggregate market value of \$50,000 based on the Fair Market Value of the Ordinary Shares at the date of grant (the "Annual Nonqualified Option Grant"). To the extent a non-employee director commences service on the Board on a date other than the date of an annual meeting of shareholders, the Annual Nonqualified Option Grant shall be pro-rated based upon the number of full months of service on the Board prior to such annual meeting of shareholders (up to a maximum of twelve (12) months), divided by twelve (12). The exercise price of the Nonqualified Options described in this Section 5.10(b) shall be at Fair Market Value on the date of grant. Such Nonqualified Options shall vest in three (3) equal annual installments commencing one year following the date of grant.

5.11 Rights as a Shareholder. An Optionee or permitted transferee of an Option shall have no rights or privileges as a shareholder with respect to any shares covered by an Option until such Option has been duly exercised in accordance with the terms of the relevant Option Agreement.

5.12 Unvested Shares. The Administrator shall have the discretion to grant Options that are exercisable for unvested Ordinary Shares on such terms and conditions as the Administrator shall determine from time to time.

5.13 Notice of Disqualifying Disposition of Incentive Option Shares. If a Participant sells or otherwise disposes of any of the Ordinary Shares acquired pursuant to the exercise of an Incentive Option on or before the later of (i) the date two (2) years after the date of grant of such Incentive Option, or (ii) the date one (1) year after the date of exercise of such Incentive Option, such Participant shall immediately notify the Company in writing of such disposition.

5.14 Compliance with Code Sections 409A and 457A. Notwithstanding anything in this Article 5 to the contrary, to the extent that any Option is subject to Code Section 409A or Code Section 457A, the Option is intended to be structured to satisfy the requirements of Code Section 409A or Code Section 457A (as applicable), or an applicable exemption, as determined by the Administrator.

ARTICLE 6.

RESTRICTED STOCK

6.1 Issuance and Sale of Restricted Stock. The Administrator shall have the right to issue shares of Restricted Stock subject to such terms, restrictions and conditions as the Administrator may determine at the time of grant. Such conditions may include, but are not limited to, continued employment or the achievement of specified performance goals or objectives established by the Administrator with respect to one or more Performance Criteria, which require the Administrator to certify whether and the extent to which such Performance Criteria were achieved. The Purchase Price of Restricted Stock (which may be zero) shall be determined by the Administrator.

6.2 Restricted Stock Agreements. A Participant shall have no rights with respect to the shares of Restricted Stock covered by a Restricted Stock Agreement until the Participant has paid the full Purchase Price, if any, to the Company in the manner set forth in Section 6.3 hereof and has executed and delivered to the Company the applicable Restricted Stock Agreement. Each Restricted Stock Agreement shall be in such form, and shall set forth such terms, conditions and restrictions of the Restricted Stock, not inconsistent with the provisions of this Plan, as the Administrator shall, from time to time, deem appropriate. Each Restricted Stock Agreement may be different from each other Restricted Stock Agreement.

6.3 Payment of Purchase Price. Subject to any legal restrictions (including the Sarbanes-Oxley Act of 2002), payment of the Purchase Price, if any, may be made, in the discretion of the Administrator, by: (a) cash; (b) check (cheque); (c) the Participant's promissory note in a form and on terms acceptable to the Administrator; (d) the cancellation of indebtedness of the Company to the Participant; (e) the waiver of compensation due or accrued to the Participant for services rendered; (f) any combination of the foregoing methods of payment; or (g) any other consideration or method of payment as shall be permitted by applicable law.

6.4 Vesting of Restricted Stock. Each share of Restricted Stock shall vest in one or more installments at such time or times and subject to such conditions, including without limitation continued employment or the achievement of specified performance goals or objectives established with respect to one or more Performance Criteria as shall be determined by the Administrator.

6.5 Rights as a Shareholder. Upon complying with the provisions of Section 6.2 hereof, a Participant shall have the rights of a shareholder with respect to Restricted Stock, including voting and dividend rights, subject to the terms, restrictions and conditions set forth in the relevant Restricted Stock Agreement.

6.6 Dividends. If payment for shares of Restricted Stock is made by promissory note, any cash dividends paid with respect to the Restricted Stock may be applied, in the discretion of the Administrator, to repayment of such note.

6.7 Compliance with Code Sections 409A and 457A. Notwithstanding anything in this Article 6 to the contrary, to the extent that any award of Restricted Stock is subject to Code Section 409A or Code Section 457A, such award of Restricted Stock must be structured to satisfy the requirements of Code Sections 409A or 457A (as applicable), or an applicable exemption, as determined by the Administrator.

ARTICLE 7.

STOCK APPRECIATION RIGHTS

7.1 Grants of Stock Appreciation Rights. The Administrator shall have the right to grant pursuant to this Plan, Stock Appreciation Rights subject to such terms, restrictions and conditions as the Administrator may determine at the time of grant. Such conditions may include, but are not limited to, continued employment or the achievement of specified performance goals or objectives established by the Administrator with respect to one or more Performance Criteria, which require the Administrator to certify whether and the extent to which such Performance Criteria were achieved.

7.2 Stock Appreciation Right Agreements. A Participant shall have no rights with respect to the Stock Appreciation Rights covered by a Stock Appreciation Right Agreement until the Participant has executed and delivered to the Company the applicable Stock Appreciation Right Agreement. Each Stock Appreciation Right Agreement shall be in such form, and shall set forth the Base Price and such other terms, conditions and restrictions of the Stock Appreciation Right Agreement, not inconsistent with the provisions of this Plan, as the Administrator shall, from time to time, deem appropriate. Each such Stock Appreciation Right Agreement may be different from each other Stock Appreciation Right Agreement.

7.3 Base Price. The Base Price per Ordinary Share covered by each Stock Appreciation Right shall be determined by the Administrator and will be not less than 100% of Fair Market Value on the date the Stock Appreciation Right is granted. However, a Stock Appreciation Right may be granted with a Base Price lower than that set forth in the preceding sentence if such Stock Appreciation Right is

[Table of Contents](#)

granted pursuant to an assumption or substitution for another stock appreciation right in a manner satisfying the provisions of Section 409A of the Code.

7.4 Term and Termination of Stock Appreciation Rights. The term and provisions for termination of each Stock Appreciation Right shall be as fixed by the Administrator, but no Stock Appreciation Right may be exercisable more than ten (10) years after the date it is granted.

7.5 Vesting and Exercise of Stock Appreciation Rights. Each Stock Appreciation Right shall vest and become exercisable in one or more installments at such time or times and subject to such conditions, including without limitation the achievement of specified performance goals or objectives as shall be determined by the Administrator.

7.6 Amount, Form and Timing of Settlement. Upon exercise of a Stock Appreciation Right, the Participant who holds such Stock Appreciation Right will be entitled to receive payment from the Company in an amount equal to the product of (a) the difference between the Fair Market Value of an Ordinary Share on the date of exercise over the Base Price per Ordinary Share covered by such Stock Appreciation Right and (b) the number of Ordinary Shares with respect to which such Stock Appreciation Right is being exercised. Payment in respect thereof will be made no later than thirty (30) days after such exercise, provided that such payment will be made in a manner such that no amount of compensation will be treated as deferred under Treasury Regulation Section 1.409A-1(b)(5)(i)(D) or Section 457A of the Code. Such payment may, in the discretion of the Administrator, be in cash, Ordinary Shares of equivalent Fair Market Value as of the date of exercise, or a combination of both, except as specifically provided in the Stock Appreciation Right Agreement.

7.7 Rights as a Shareholder. Holders of Stock Appreciation Rights shall have no rights or privileges as a shareholder with respect to any Ordinary Shares covered thereby unless and until they become owners of Ordinary Shares following settlement in respect of such Stock Appreciation Rights, in whole or in part, in Ordinary Shares, pursuant to the terms, restrictions and conditions set forth in the relevant Stock Appreciation Rights Agreement.

7.8 Restrictions. Stock Appreciation Rights may not be sold, pledged or otherwise encumbered or disposed of and shall not be assignable or transferable except by will, the laws of descent and distribution or pursuant to a domestic relations order entered by a court in settlement of marital property rights, except as specifically provided in the Stock Appreciation Right Agreement or as authorized by the Administrator.

7.9 Unvested Shares. The Administrator shall have the discretion to grant Stock Appreciation Rights that may be exercised or settled for unvested Ordinary Shares on such terms and conditions as the Administrator shall determine from time to time.

7.10 Compliance with Code Sections 409A and 457A. Notwithstanding anything in this Article 7 to the contrary, to the extent that any award of Stock Appreciation Rights is subject to Code Section 409A or Code Section 457A, such award of Stock Appreciation Rights is intended to be structured to satisfy the requirements of Code Sections 409A or 457A (as applicable), or an applicable exemption, as determined by the Administrator.

ARTICLE 8.

RESTRICTED STOCK UNITS

8.1 Grants of Restricted Stock Units. The Administrator shall have the right to grant pursuant to this Plan, Restricted Stock Units subject to such terms, restrictions and conditions as the Administrator may determine at the time of grant. Such conditions may include, but are not limited to, continued employment or the achievement of specified performance goals or objectives established by the Administrator with respect to one or more Performance Criteria, which require the Administrator to certify whether and the extent to which such Performance Criteria were achieved. The Purchase Price of Restricted Stock Unit (which may be zero) shall be determined by the Administrator.

8.2 Restricted Stock Unit Agreements. A Participant shall have no rights with respect to the Restricted Stock Units covered by a Restricted Stock Unit Agreement until the Participant has executed and delivered to the Company the applicable Restricted Stock Unit Agreement. Each Restricted Stock Unit Agreement shall be in such form, and shall set forth such terms, conditions and restrictions of the Restricted Stock Unit Agreement, not inconsistent with the provisions of this Plan, as the Administrator shall, from time to time, deem appropriate. Each such Restricted Stock Unit Agreement may be different from each other Restricted Stock Unit Agreement.

8.3 Payment of Purchase Price. Subject to any legal restrictions (including the Sarbanes-Oxley Act of 2002), payment of the Purchase Price, if any, may be made, in the discretion of the Administrator, by: (a) cash; (b) check (cheque); (c) the Participant's promissory note in a form and on terms acceptable to the Administrator; (d) the cancellation of indebtedness of the Company to the Participant; (e) the

[Table of Contents](#)

waiver of compensation due or accrued to the Participant for services rendered; (f) any combination of the foregoing methods of payment; or (g) any other consideration or method of payment as shall be permitted by applicable law.

8.4 Vesting of Restricted Stock Units. The Restricted Stock Units shall vest in one or more installments at such time or times and subject to such conditions, including without limitation continued employment or the achievement of specified performance goals or objectives established with respect to one or more Performance Criteria as shall be determined by the Administrator.

8.5 Rights as a Shareholder. Holders of Restricted Stock Units shall have no rights or privileges as a shareholder with respect to any Ordinary Shares covered thereby unless and until they become owners of Ordinary Shares following settlement in respect of such Restricted Stock Units, in whole or in part, in Ordinary Shares, pursuant to the terms, restrictions and conditions set forth in the relevant Restricted Stock Unit Agreement. Notwithstanding the foregoing, the Restricted Stock Unit Agreement may provide dividend equivalent rights to a holder of Restricted Stock Units.

8.6 Restrictions. Restricted Stock Units may not be sold, pledged or otherwise encumbered or disposed of and shall not be assignable or transferable except by will, the laws of descent and distribution or pursuant to a domestic relations order entered by a court in settlement of marital property rights, except as specifically provided in the Restricted Stock Unit Agreement or as authorized by the Administrator.

8.7 Compliance with Code Sections 409A and 457A. Notwithstanding anything in this Article 6 to the contrary, to the extent that any award of Restricted Stock is subject to Code Section 409A or Code Section 457A, such award of Restricted Stock must be structured to satisfy the requirements of Code Sections 409A or 457A (as applicable), or an applicable exemption, as determined by the Administrator.

ARTICLE 9.

ADMINISTRATION OF THE PLAN

9.1 Administrator. Authority to control and manage the operation and administration of the Plan shall be vested in the Board, which may delegate such responsibilities in whole or in part to the Committee. Each of the members shall meet the independence requirements under the then applicable rules, regulations or listing requirements adopted by The NASDAQ Stock Market or the principal exchange on which the Ordinary Shares is then listed or admitted to trading. Members of the Committee may be appointed from time to time by, and shall serve at the pleasure of, the Board. The Board may limit the composition of the Committee to those persons necessary to comply with the requirements of Section 16 of the Exchange Act. As used herein, the term "Administrator" means the Board or, with respect to any matter as to which responsibility has been delegated to the Committee, the term Administrator shall mean the Committee.

9.2 Delegation to an Officer. To the extent authorized by applicable law, the Board may delegate to one or more officers of the Company the authority to do one or both of the following: (a) designate employees (other than officers) of the Company or any of its subsidiary corporations to be recipients of Incentive Options, Nonqualified Options, Restricted Stock, Restricted Stock Units, or Stock Appreciation Rights and (b) determine the number of Ordinary Shares to be subject to such Options, Stock Appreciation Rights or Restricted Stock Units or to be issued as Restricted Stock and granted to such employees (other than officers) of the Company or any of its subsidiary corporations; provided, however, that the resolutions of the Board regarding such delegation shall specify that grants of Plan awards to employees pursuant to this Section 9.2 shall be consistent with specific parameters approved in advance by the Committee.

9.3 Powers of the Administrator. In addition to any other powers or authority conferred upon the Administrator elsewhere in this Plan or by law, the Administrator shall have full power and authority: (a) to determine the persons to whom, and the time or times at which, Incentive Options, Nonqualified Options, Restricted Stock, Restricted Stock Units or Stock Appreciation Rights shall be granted, the number of shares to be represented by each Option Agreement, Restricted Stock Agreement, Restricted Stock Unit Agreement, or Stock Appreciation Right Agreement, and the Exercise Price of such Options, the Purchase Price of the Restricted Stock and Restricted Stock Units, and the Base Price of such Stock Appreciation Rights; (b) to interpret the Plan; (c) to create, amend or rescind rules and regulations relating to the Plan; (d) to determine the terms, conditions and restrictions contained in, and the form of, Option Agreements, Restricted Stock Agreements, Restricted Stock Unit Agreements, and Stock Appreciation Right Agreements; (e) to determine the identity or capacity of any persons who may be entitled to exercise a Participant's rights under any Option Agreement, Restricted Stock Agreement, Restricted Stock Unit Agreement, or Stock Appreciation Right Agreement under the Plan; (f) to correct any defect or supply any omission or reconcile any inconsistency in the Plan or in any Option Agreement, Restricted Stock Agreement, Restricted Stock Unit Agreement, or Stock Appreciation Right Agreement; (g) to accelerate the vesting of any Option, Restricted Stock, Restricted Stock Units, or Stock Appreciation Right; (h) to extend the expiration date of any Option Agreement or Stock Appreciation Right Agreement; (i) to amend outstanding Option Agreements, Restricted Stock Agreements, Restricted Stock Unit Agreement, or Stock Appreciation Right Agreements to provide for, among other things, any change or modification which the Administrator could have included in the original agreement or in furtherance of the powers provided for herein; and (j) to make all other determinations necessary or advisable for the administration of this Plan, but only to the extent not contrary to

[Table of Contents](#)

the express provisions of this Plan. Any action, decision, interpretation or determination made in good faith by the Administrator in the exercise of its authority conferred upon it under this Plan shall be final and binding on the Company and all Participants. Notwithstanding any term or provision in this Plan, the Administrator shall not have the power or authority, by amendment or otherwise to extend the expiration date of an Option or Stock Appreciation Right beyond the original expiration date of such Option or Stock Appreciation Right.

9.4 Repricing Prohibited. Subject to Section 4.2, and except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), neither the Committee nor the Board shall amend the terms of outstanding awards to reduce the Exercise Price of outstanding Options or the Base Price of outstanding Stock Appreciation Rights or cancel outstanding Options or Stock Appreciation Rights in exchange for cash, for Options with an Exercise Price that is less than the Exercise Price of the original Options, or for Stock Appreciation Rights with a Base Price that is less than the Base Price of the original Stock Appreciation Rights, in each case without approval of the Company's shareholders, evidenced by a majority of votes cast.

9.5 Limitation on Liability. No employee of the Company or, subject to applicable laws, member of the Board or Committee shall be subject to any liability with respect to duties under the Plan unless the person acts fraudulently or in bad faith. To the extent permitted by law, the Company shall indemnify each member of the Board or Committee, and any employee of the Company with duties under the Plan, who was or is a party, or is threatened to be made a party, to any threatened, pending or completed proceeding, whether civil, criminal, administrative or investigative, by reason of such person's conduct in the performance of duties under the Plan.

ARTICLE 10.

RESTRICTIONS; EXTENSIONS

10.1 Recovery. All Options, Stock Appreciation Rights and Restricted Stock Units, or any Ordinary Shares or cash issued or awarded pursuant to the exercise of Options, Stock Appreciation Rights or Restricted Stock Units, and all Restricted Stock will be subject to recoupment in accordance with any clawback or recovery policy that the Company is required to adopt pursuant to the listing standards of any national securities exchange or association on which the Company's securities are listed or as is otherwise required by the Dodd-Frank Wall Street Reform and Consumer Protection Act or other applicable law. In addition, the Administrator may impose such other clawback, recovery or recoupment provisions in an Option, Stock Appreciation Right, Restricted Stock Unit Agreement, or Restricted Stock Agreement as the Administrator determines necessary or appropriate, including but not limited to a reacquisition right in respect of previously acquired Ordinary Shares or other cash or property upon the occurrence of an event constituting Cause. No recovery of compensation under such a clawback policy will be an event giving rise to a right to resign for "good reason" or "constructive termination" (or similar term) under any agreement with the Company.

10.2 Termination for Cause. Except as explicitly provided otherwise in a Participant's Stock Option Agreement or Stock Appreciation Right Agreement or other individual written agreement between the Company or any Affiliated Company and the Participant, if a Participant's Continuous Service is terminated for Cause, the Option or SAR will terminate immediately upon such Participant's termination of Continuous Service, and the Participant will be prohibited from exercising his or her Option or SAR from and after the date of such termination of Continuous Service. "Cause" will have the meaning ascribed to such term in any written agreement between the Participant and the Company defining such term and, in the absence of such agreement, shall mean Cause as defined in this Plan. The determination that a termination of the Participant's Continuous Service is either for Cause or without Cause will be made by the Administrator, in its sole discretion. Any determination by the Administrator that the Continuous Service of a Participant was terminated with or without Cause for the purposes of outstanding Options or Stock Appreciation Rights held by such Participant will have no effect upon any determination of the rights or obligations of the Company or such Participant for any other purpose.

10.3 Extension of Termination Date.

(a) If the exercise of an Option or Stock Appreciation Right following the termination of the Participant's Continuous Service (other than for Cause and other than upon the Participant's death or Disability) would be prohibited at any time solely because the issuance of Ordinary Shares would violate the Securities Act, then the Option or Stock Appreciation Right will terminate on the earlier of (i) the expiration of a total period of time (that need not be consecutive) equal to the applicable post termination exercise period after the termination of the Participant's Continuous Service (as set forth in the applicable award agreement) as extended for any period of time during which the exercise of the Option or Stock Appreciation Right would violate the Securities Act, and (ii) the final expiration of the Option or Stock Appreciation Right as set forth in the applicable Stock Option Agreement or Stock Appreciation Right Agreement.

(b) Unless otherwise provided in a Participant's Option Agreement or Stock Appreciation Right Agreement, if the sale of any Ordinary Share received on exercise of an Option or Stock Appreciation Right following the termination of the Participant's Continuous Service (other than for Cause) would violate the Company's Insider Trading Policy (assuming, for this purpose, that Participant's Continuous

[Table of Contents](#)

Service had not terminated and thus the provisions of the Insider Trading Policy continued to apply to Participant), then the Option or Stock Appreciation Right will terminate on the earlier of (i) the expiration of a period of time (that need not be consecutive) equal to the applicable post-termination exercise period after the termination of the Participant's Continuous Service (as set forth in the applicable award agreement) as extended for any period of time during which the sale of the Ordinary Shares received upon exercise of the Option or Stock Appreciation Right would violate the Insider Trading Policy (assuming, for this purpose, that Participant's Continuous Service had not terminated and thus the provisions of the Insider Trading Policy continued to apply to Participant) if, and only if, such violation of the Insider Trading Policy arose during the unmodified post-termination exercise period, or (ii) the final expiration of the term of the Option or Stock Appreciation Right as set forth in the applicable Stock Option Agreement or Stock Appreciation Right Agreement.

ARTICLE 11.

CHANGE IN CONTROL

11.1 Options and Stock Appreciation Rights. In order to preserve a Participant's rights with respect to any outstanding Options or Stock Appreciation Rights in the event of a Change in Control of the Company:

(a) Vesting of all outstanding Options and Stock Appreciation Rights shall accelerate automatically effective as of immediately prior to the consummation of the Change in Control unless the Options or Stock Appreciation Rights are to be assumed by the acquiring or successor entity (or parent thereof) or new options, stock appreciation rights or New Incentives are to be issued in exchange therefor, as provided in subsection (b) below.

(b) Vesting of outstanding Options or Stock Appreciation Rights shall not accelerate if and to the extent that: (i) the Options or Stock Appreciation Rights (including the unvested portion thereof) are to be assumed by the acquiring or successor entity (or parent thereof) or new options or stock appreciation rights of comparable value and containing such terms and provisions as the Administrator in its discretion may consider equitable are to be issued in exchange therefor pursuant to the terms of the Change in Control transaction, or (ii) the Options or Stock Appreciation Rights (including the unvested portion thereof) are to be replaced by the acquiring or successor entity (or parent thereof) with other incentives of comparable value containing such terms and provisions as the Administrator in its discretion may consider equitable under a new incentive program ("New Incentives"). If outstanding Options or Stock Appreciation Rights are assumed, or if new options or stock appreciation rights of comparable value are issued in exchange therefor, then each such Option, new option, Stock Appreciation Right or new stock appreciation right shall be appropriately adjusted, concurrently with the Change in Control, to apply to the number and class of securities or other property that the Participant would have received pursuant to the Change in Control transaction in exchange for the shares that would have been issued upon exercise of the Option or Stock Appreciation Right had the Option or Stock Appreciation Right been exercised immediately prior to the Change in Control and, with respect to Stock Appreciation Rights, payments in respect of such Stock Appreciation Right been made in shares, and appropriate adjustment also shall be made to the Exercise Price or Base Price such that the aggregate Exercise Price of each such Option or new option or Base Price of each Stock Appreciation Right or new stock appreciation right shall remain the same as nearly as practicable and in a manner satisfying the provisions of Sections 409A and 424 of the Code.

(c) If any Option or Stock Appreciation Right is assumed by an acquiring or successor entity (or parent thereof) or a new option or stock appreciation right of comparable value or New Incentive is issued in exchange therefor pursuant to the terms of a Change in Control transaction, then, if so provided in an Option Agreement or Stock Appreciation Right Agreement, the vesting of the Option, new option, Stock Appreciation Right, new stock appreciation right or New Incentive shall accelerate if and at such time as the Participant's service as an employee, director, officer, consultant or other Service Provider to the acquiring or successor entity (or a parent or subsidiary thereof) is terminated involuntarily or voluntarily under certain circumstances within a specified period following consummation of the Change in Control, pursuant to such terms and conditions as shall be set forth in the Option Agreement or Stock Appreciation Right Agreement.

(d) If vesting of outstanding Options or Stock Appreciation Rights will accelerate pursuant to subsection (a) above, the Administrator in its discretion may provide, in connection with the Change in Control transaction, for the purchase or exchange of each Option or Stock Appreciation Right for an amount of cash or other property having a value equal to (i) with respect to each Option, the amount (or "spread"), if any, by which, (x) the value of the cash or other property that the Optionee would have received pursuant to the Change in Control transaction in exchange for the shares issuable upon exercise of the Option had the Option been exercised immediately prior to the Change in Control, exceeds (y) the Exercise Price of the Option, and (ii) with respect to each Stock Appreciation Right, the value of the cash or other property that the Participant would have received had the Stock Appreciation Right been exercised immediately prior to the Change in Control.

(e) The Administrator shall have the discretion to provide in each Option Agreement and Stock Appreciation Right Agreement other terms and conditions that relate to (i) vesting of such Option or Stock Appreciation Right in the event of a Change in Control and (ii) assumption of such Options or Stock Appreciation Rights or issuance of comparable securities or New Incentives in the event of a Change in Control. The aforementioned terms and conditions may vary in each Option Agreement and Stock Appreciation Right Agreement, and may be different from and have precedence over the provisions set forth in Sections 10.1(a) - 10.1(d) above.

(f) Outstanding Options and Stock Appreciation Rights shall terminate and cease to be exercisable upon consummation of a Change in Control except to the extent that the Options or Stock Appreciation Rights are assumed by the successor entity (or parent thereof) pursuant to the terms of the Change in Control transaction.

(g) If outstanding Options or Stock Appreciation Rights will not be assumed by the acquiring or successor entity (or parent thereof), the Administrator shall cause written notice of a proposed Change in Control transaction to be given to the Participants who hold Options and Stock Appreciation Rights not less than fifteen (15) days prior to the anticipated effective date of the proposed transaction.

11.2 Restricted Stock and Restricted Stock Units. In order to preserve a Participant's rights with respect to any outstanding Restricted Stock or Restricted Stock Units, in the event of a Change in Control of the Company:

(a) All Restricted Stock and Restricted Stock Units shall vest in full effective as of immediately prior to the consummation of the Change in Control, except to the extent that in connection with such Change in Control, the acquiring or successor entity (or parent thereof) provides for the continuance or assumption of Restricted Stock Agreements or Restricted Stock Unit Agreements or the substitution of new agreements of comparable value covering shares of a successor corporation (with appropriate adjustments as to the number and kind of shares) or cash or other property.

(b) The Administrator in its discretion may provide in any Restricted Stock Agreement and Restricted Stock Unit Agreement that if, upon a Change in Control, the acquiring or successor entity (or parent thereof) assumes such Restricted Stock Agreement or Restricted Stock Unit Agreement, or substitutes new agreements of comparable value and containing such terms and provisions as the Administrator in its discretion may consider equitable covering shares of a successor corporation (with appropriate adjustments as to the number and kind of shares) or cash or other property, then the Restricted Stock or Restricted Stock Units or any substituted shares, cash or property covered thereby shall immediately vest in full, if the Participant's service as an employee, director, officer, consultant or other Service Provider to the acquiring or successor entity (or a parent or subsidiary thereof) is terminated involuntarily or voluntarily under certain circumstances within a specified period following consummation of a Change in Control, pursuant to such terms and conditions as shall be set forth in the Restricted Stock Agreement or Restricted Stock Unit Agreement.

(c) If vesting of outstanding Restricted Stock or Restricted Stock Units will accelerate pursuant to subsection (a) above, the Administrator in its discretion may provide, in connection with the Change in Control transaction, for the purchase or exchange of each Restricted Stock or Restricted Stock Units for an amount of cash or other property having a value equal to the value of the cash or other property that the Participant would have received had the Restricted Stock or Restricted Stock Units vested immediately prior to the Change in Control.

(d) The Administrator shall have the discretion to provide in each Restricted Stock Agreement or Restricted Stock Unit Agreement other terms and conditions that relate to (i) vesting of such Restricted Stock or Restricted Stock Units in the event of a Change in Control and (ii) assumption of such Restricted Stock Agreements or Restricted Stock Unit Agreements or issuance of substitute new agreements of comparable value in the event of a Change in Control. The aforementioned terms and conditions may vary in each Restricted Stock Agreement or Restricted Stock Unit Agreement, and may be different from and have precedence over the provisions set forth in Sections 10.2(a) - 10.2(c) above.

11.3 Dissolution or Liquidation. Except as otherwise provided in an Option Agreement, Restricted Stock Agreement, Restricted Stock Unit Agreement, or Stock Appreciation Right Agreement, in the event of a dissolution, liquidation or winding up of the Company, all outstanding Options, Stock Appreciation Rights, and Restricted Stock Units will terminate immediately prior to the completion of such dissolution or liquidation, and the Ordinary Shares subject to the Company's repurchase rights or subject to a forfeiture condition under an award of Restricted Stock or Restricted Stock Units or pursuant to early exercise of an Option, may be repurchased or reacquired by the Company notwithstanding the fact that the holder of such award is providing Continuous Service; provided, however, that the Administrator may, in its sole discretion, cause some or all Options, Restricted Stock, Restricted Stock Units and Stock Appreciation Rights to become fully vested, exercisable and/or no longer subject to repurchase or forfeiture (to the extent such awards have not previously expired or terminated) before the dissolution, liquidation or winding up is completed but contingent on its completion.

11.4 Compliance with Sections 409A and 457A of the Code. Notwithstanding anything else provided in this Article 11, in the case of any Option, Restricted Stock, Restricted Stock Unit or Stock Appreciation Right that constitutes a deferral of compensation within the meaning of Section 409A or 457A of the Code, the Committee will not accelerate the payment of such Option, Restricted Stock, Restricted Stock Unit or Stock Appreciation Right unless it determines in good faith that such accelerated payment is permissible under Sections 409A or 457A of the Code, as applicable.

ARTICLE 12.

AMENDMENT AND TERMINATION OF THE PLAN

12.1 Amendments. The Board may from time to time alter, amend, suspend or terminate this Plan in such respects as the Board may deem advisable. No such alteration, amendment, suspension or termination shall be made which shall substantially affect or impair the rights of any Participant under an outstanding Option Agreement, Restricted Stock Agreement, Restricted Stock Unit Agreement, or Stock Appreciation Right Agreement without such Participant's consent. The Board may alter or amend the Plan to comply with requirements under the Code relating to Incentive Options or other types of options which give Optionees more favorable tax treatment than that applicable to Options granted under this Plan as of the date of its adoption. Upon any such alteration or amendment, any outstanding Option granted hereunder may, if the Administrator so determines and if permitted by applicable law, be subject to the more favorable tax treatment afforded to an Optionee pursuant to such terms and conditions. The Board may also adopt amendments of the Plan relating to certain nonqualified deferred compensation under Section 409A or Section 457A of the Code and/or ensuring the Plan or any awards granted under the Plan are exempt from, or compliant with, the requirements for nonqualified deferred compensation under Section 409A or Section 457A of the Code, subject to the limitations, if any, of applicable law.

12.2 Foreign Participants. The Board may from time to time adopt such procedures and sub-plans as are necessary or appropriate to permit participation in the Plan by Employees, Directors or Service Providers who are foreign nationals or employed outside Jersey, Channel Islands (provided that Board approval will not be necessary for immaterial modifications to the Plan or any Option Agreement, Restricted Stock Agreement, Restricted Stock Unit Agreement, or Stock Appreciation Right Agreement that are required for compliance with the laws of the relevant foreign jurisdiction).

12.3 Plan Termination. Unless this Plan shall theretofore have been terminated, the Plan shall terminate on the tenth (10th) anniversary of the Effective Date and no Options, Restricted Stock, Restricted Stock Units, or Stock Appreciation Rights may be granted under the Plan thereafter, but Option Agreements, Restricted Stock Agreements, Restricted Stock Unit Agreements, and Stock Appreciation Right Agreements then outstanding shall continue in effect in accordance with their respective terms.

ARTICLE 13.

TAXES

13.1 Withholding. The Company shall have the power to withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy any applicable Federal, state, and local tax withholding requirements with respect to any Options, Restricted Stock, Restricted Stock Units, or Stock Appreciation Rights. To the extent permissible under applicable tax, securities and other laws, the Administrator may, in its sole discretion and upon such terms and conditions as it may deem appropriate, permit a Participant to satisfy his or her obligation to pay any such tax by (a) directing the Company to apply Ordinary Shares to which the Participant is entitled as a result of the exercise of an Option or Stock Appreciation Right or vesting of a Restricted Stock or Restricted Stock Unit or (b) delivering to the Company Ordinary Shares owned by the Participant. The Ordinary Shares so applied or delivered in satisfaction of the Participant's minimum tax withholding obligation shall be valued at their Fair Market Value as of the date of measurement of the amount of income subject to withholding.

13.2 Compliance with Section 409A of the Code. Options, Restricted Stock, Restricted Stock Units, and Stock Appreciation Rights to individuals subject to taxation in the United States will be designed and operated in such a manner that they are either exempt from the application of, or comply with, the requirements of Section 409A of the Code such that the grant, payment, settlement or deferral will not be subject to the additional tax or interest applicable under Section 409A of the Code, except as otherwise determined in the sole discretion of the Administrator. The Plan and each Option Agreement, Restricted Stock Agreement, Restricted Stock Unit Agreement, and Stock Appreciation Right Agreement is intended to meet the requirements of Section 409A of the Code and will be construed and interpreted in accordance with such intent, except as otherwise determined in the sole discretion of the Administrator. To the extent that an Option, Restricted Stock, Restricted Stock Units, or Stock Appreciation Right or grant, payment, settlement or deferral thereof is subject to Section 409A of the Code such Option, Restricted Stock, Restricted Stock Units, or Stock Appreciation Right will be granted, paid, settled or deferred in a manner that will meet the requirements of Section 409A of the Code, such that the grant, payment, settlement or deferral thereof will not be subject to the additional tax or interest applicable under Section 409A of the Code. Notwithstanding the generality of the preceding sentence, to the extent any grant, payment, settlement or deferral of an Option Agreement, Restricted Stock Agreement, Restricted Stock Unit Agreement, or Stock Appreciation Right Agreement subject to Section 409A is subject to the requirement under Section 409A(a)(2)(B)(i) of the Code that such grant, payment, settlement or deferral be delayed until six (6) months after Participant's separation from service if Participant is a specified employee within the meaning of the aforesaid section of the Code at the time of such separation from service, then such grant, payment, settlement or deferral will not be made before the date which is six (6) months after the date of such separation from service (or, if earlier, the date of death of such Participant).

(a) Compliance with Section 457A of the Code. Options, Restricted Stock, Restricted Stock Units, and Stock Appreciation Rights to individuals subject to taxation in the United States will be designed and operated in such a manner that they are either exempt from the application of, or comply with, the requirements of Section 457A of the Code such that the grant, payment, settlement or deferral will not be subject to the additional tax or interest applicable under Section 457A of the Code, except as otherwise determined in the sole discretion of the Administrator. The Plan and each Option Agreement, Restricted Stock Agreement, Restricted Stock Unit Agreement, and Stock Appreciation Right Agreement is intended to meet the requirements of Section 457A of the Code and will be construed and interpreted in accordance with such intent, except as otherwise determined in the sole discretion of the Administrator. To the extent that an Option, Restricted Stock, Restricted Stock Unit or Stock Appreciation Right or grant, payment, settlement or deferral thereof is subject to Section 457A of the Code such Option, Restricted Stock, Restricted Stock Unit or Stock Appreciation Right will be granted, paid, settled or deferred in a manner that will meet the requirements of Section 457A of the Code, such that the grant, payment, settlement or deferral thereof will not be subject to the additional tax or interest applicable under Section 457A of the Code, and may contain terms compliant with the following limitations: Options and Stock Appreciation Rights subject to Section 457A of the Code will be settled in Ordinary Shares only. (b) A Participant's continued service with the Company, a parent of the Company or a subsidiary will be required in order for Options, Restricted Stock, Restricted Stock Unit and Stock Appreciation Rights subject to Section 457A of the Code to vest. In no event will any Options, Restricted Stock, Restricted Stock Unit and Stock Appreciation Rights subject to Section 457A of the Code provide for vesting (1) upon voluntary termination, (2) solely on the basis of achievement of performance goals or objectives, or (3) following termination of a Participant's employment or service relationship with the Company;

(c) The Ordinary Shares underlying Restricted Stock and Restricted Stock Units subject to Section 457A of the Code in which the Participant vests (whether as a result of the normal vesting schedule or as a result of accelerated vesting) will be issued on the applicable vesting date for those shares or as soon thereafter as administratively practicable, but in no event later than the close of the calendar year in which such vesting date occurs or (if later) the fifteenth day of the third calendar month following such vesting date; and

(d) Options or Stock Appreciation Rights subject to Section 457A of the Code in which the Participant vests (whether as a result of the normal vesting schedule or as a result of accelerated vesting) must be exercised no later than the close of the calendar year in which such vesting date occurs or (if later) the fifteenth day of the third calendar month following such vesting date.

Notwithstanding the provisions of Section 13.3, the Committee may, when appropriate, grant Options, Restricted Stock, Restricted Stock Units and Stock Appreciation Rights pursuant to this Plan to individuals subject to taxation in the United States with terms that do not comply with the provisions of Code Section 457A, subjecting such individual to early income recognition under Code Section 457A attributable to such Options, Restricted Stock, Restricted Stock Units or Stock Appreciation Rights. Similarly, the Committee may, when appropriate, amend the Options, Restricted Stock, Restricted Stock Units or Stock Appreciation Rights made pursuant to this Plan to add terms that do not comply with the provisions of Code Section 457A, subjecting holder of the Options, Restricted Stock, Restricted Stock Units or Stock Appreciation Rights to early income recognition under Code Section 457A attributable to such Options, Restricted Stock, Restricted Stock Units or Stock Appreciation Rights.
